Proposal Conventions Assure Standard Bearer For Democrats

FUSION IS BIG PROBLEM

Coolidge And Hiram Johnson Favored By Republican Party Conclaves

By Associated Press
Sioux Falls, S. D.—When the state proposal conventions of the three parties in South Dakota—Republican, Democratic and Farmer-Labor, meet in Pierre, Dec. 4, large uninstructed delegations will choose their presidential nominees in the Republican and Farmer-Labor meetings, while nomination of William Gibbs McAdoo as Democratic standard bearer appeared assured as a result of the proposal conventions held by the three parties in each of the state's 69 counties Tuesday.

Nineteen counties representing 23, 525 votes, endorsed the candidacy of Mr. McAdoo in the Democratic county conventions and, in the opinion of W. W. Howes, state party chairman, made his nomination a two-to-one certainty. Four full counties, which with scattered delegations carry a vote of about 5,000 came out for Henry Ford to lead the Democratic ballot, according to statements made by Eric Elitson of Sioux Falls, and P. H. Hendry of Watertown. The latter campaign to nominate the automobile manufacturer. The votes claimed for Ford, some of which are contested by McAdoo adherents, would give the Detroit man about one sixth of the Democratic votes of South Dakota.

COOLIDGE FAVORED

President Calvin Coolidge and Senator Hiram Johnson of California were the only presidential nominees considered at the 59 Republican conventions, yet most of the county delegations were uninstructed. The President received instructed delegations from four counties and a fifth endorsed the national administration. Three counties, including two of the ten largest in the state, came out for the favorite son. Six other conventions instructed their delegates to vote for state officials active in the Johnson cause.

Ford was endorsed in two counties under the Farmer-Labor banner, other third party counties from which reports have been received, sending their delegations uninstructed. Three counties passed resolutions favoring formation of a third party, but without naming a candidate.

Since two county Democratic conventions endorsed proposals for coalition between the third party and the Democrats, the fusion question is expected to be a lively matter of business in the Farmer-Labor convention at Pierre.

DANE-CO PASSES DANCEHALL RULE

Persons Under 16 Years Of Age Forbidden To Visit Hall Unattended

Madison—Persons under the age of 16 years are prohibited from attending public dances in Dane-co, unless accompanied by parents, under terms of an ordinance passed Tuesday night by the Dane-co board of supervisors. The new ordinance required licensing of dancehalls under a fee of \$10, appointment of inspectors for each dance hall, and dances are limited to 1 o'clock at night. The act is said to be the most stringent ever passed in Dane-co.

TWO LIVES LOST IN FOND DU LAC CAVEIN

Fond du Lac—Two water department employees were buried alive here Wednesday by a cavein of a trench being dug for a water-main. Both men were found dead when dug out by local firemen. Workmen who witnessed the accident said that the cavein was caused by the vibration from a train passing near by.

The dead are Anton Christenson, 58, and C. L. Percy, 45, both of Fond du Lac.

Ohio Students Will Take Over Store For Day

By Associated Press
Columbus, O.—Pretty coeds at Ohio State university are going to sell hair pins and ribbons and aid militady in selecting her evening gown while the men are to become floor walkers, elevator starters and managers for a day.

Students in the Ohio State university department of commerce are going to run one of Columbus' large department stores, Dec. 1, the management having announced it will turn the entire store over to the students on that day in order that they may gain actual experience in store management. Students will be assigned positions in accordance with the subject in which they are specializing—salesmanship, accounting, advertising and business management. Every activity of the store will be run by students.

BERGDOLL ASKS IMMUNITY FOR RETURN TO U. S.

Attorneys Representing Draft Dodger Set Conditions For Government

By Associated Press
Washington, D. C.—Promises that Grover Bergdoll will return to this country from Germany if the Washington government complies with certain stipulated conditions said to amount to virtual immunity for him have been made to government officials by attorneys and others speaking for the Bergdoll family.

These offers the government has declined. Officials declare they can enter no compromise agreement, but must insist on a free exercise of their powers in the event the draft evader is captured or returned to American jurisdiction.

Officials declined Wednesday to tell what terms had been asked by those interested for Bergdoll but admitted that the offers had been received since Mrs. Emma Bergdoll, mother of the escaped man, returned to this country recently from a visit in Germany. Mrs. Bergdoll announced at that time that she would cause her son to return and "take his medicine," but she also is understood to have asked the government to comply with conditions of an impossible sort.

LONDON, PARIS END SQUABBLE ON PENALTIES

One Little Word Carries France And England To Verge Of Break

FRENCH RETAIN FREE HAND

Cambon And Lord Crewe Consult On Point And Eliminate Difference

By Associated Press
Paris—Lord Crewe, the British ambassador, received instructions from London Wednesday morning regarding the note the allies are to send to Germany. It was then announced that the council of ambassadors would meet Wednesday afternoon.

One little word—the word "consult"—is what has been delaying final action by the council on the note, since Monday. It appears from today's developments. The decision reached by the ambassadors on that day was that the note to Germany would set forth the allied demand that the military clauses of the peace treaty be complied with and that if Germany failed to satisfy that demand the allies would "consult" as to what action the situation called for.

OBJECT TO WORD

Objections to that word were raised in the French cabinet meeting Monday afternoon. It was declared that the necessity thus imposed on France to "consult" had allies every time action was required was just what Germany was relying on—that no steps forward would be made if, after making the concession to the British government on the elimination of any reference to penalties, the hands of the French government should still remain tied.

After consultation between Jules Cambon and Lord Crewe on that point the British ambassador suggested another word to his government which he thought might satisfy London and at the same time would remove the objections of the French cabinet. It is understood the British accepted the modification which amounts to tacit acceptance of the French reservation of the right to act separately if Germany's attitude should make action necessary.

400 Businessmen Of City And Farm Attend City-Farmer Dinner

Splendid Program Of Addresses And Music At Community Meeting In Eagle Hall Tuesday Night

Appleton experienced something new in community cooperation Tuesday evening when more than 400 people, business men of the farm and city and their wives, dined at Eagle hall, got acquainted, sang and laughed together and heard addresses which showed their problems and prosperity to be mutual.

Nothing the chamber of commerce has attempted in the way of a dinner since its organization was as successful as this assemblage. Farmers were invited as guests, as were members of the county board, and they poured into the hall until there was not a foot of seating space left. Some of those who came after the dinner were obliged to stand during the program for lack of room.

RUSSELL IS SPEAKER

Dean H. L. Russell of Madison, head of Wisconsin college of agriculture was the principal speaker and told his audience how utterly essential to industry's success is its proximity to a food center. He showed how over-industrialized regions are experiencing a migration of plants to food producing centers. Elimination of long haul of farm products, providing of water transportation for commodities and development of water power as a means of more efficient farming are among the things that need to be brought about. He said farming conditions were the best since 1920 and predicted that readjustment will come soon by which the inequality between wages of industry and those on the farm will be removed.

Approximately one and a half hours were required to serve the throng which numbered more than 400. The mealtime was made lively by Dr. Earl L. Baker of Lawrence Conservatory of Music, who led community singing.

KEICHER CHAIRMAN

The Rev. P. O. Keicher was chairman and gave a brief talk explaining the ambition of Appleton Chamber of Commerce to cement the relations of the farmer and the city man so they could work together and be of help to one another. The invocation was delivered by the Rev. E. M. Salter, pastor of First Baptist church.

After concluding his introductory remarks, the Rev. Mr. Keicher turned the gathering over to Emory Meltz, prominent Greenville dairyman, who acted as toastmaster. Mr. Meltz thanked the chamber of commerce on (Continued on Page 3).

Boy Paralyzed By Slight Fall In Gymnasium

Charles Nemacheck, son of Mr. and Mrs. William Nemacheck, 904 Washington-st., and a freshman at Appleton high school, is paralyzed from the arms down as a result of a fall in the high school gymnasium shortly after 3 o'clock Tuesday afternoon. The young man was going over a "wooden horse" as a regular gymnasium exercise when he slipped and fell, striking a vertebra a few inches below his head. He was taken to St. Elizabeth hospital, where doctors determined that he will live and that in all probability, the paralysis will be temporary.

The boy has not been able to move the muscles of his body below his arm pits since the accident. He is suffering no pain and has been conscious all of the time. He is able to move his arms, but there is no coordination of the muscles in them so that he cannot direct their movement. X-ray pictures of the spine have been taken to determine the cause of the paralysis.

FARMER-LABOR MAY NOT JOIN THIRD PARTY

Announcement Of Minnesota Chairman Dampens Hope For United Front

St. Paul, Minn.—The Farmer-Labor party in Minnesota may not join the new Progressive party called into national convention at St. Paul, May 30, 1924, it was indicated Wednesday in a formal statement issued by F. A. Pike, chairman of the state central committee of the Farmer-Labor party.

Mr. Pike referred to the recent third party conference in Chicago. "The proceedings at Chicago," said Mr. Pike's statement, "show the impatience with which some Progressive workers are looking for a new national party."

"The Farmer-Labor party in this state has not yet determined its course in the matter. That undoubtedly will be one of the subjects to be considered at a state conference of the party which the district and county chairmen have instructed me to call."

"What has been done so far has been done upon individual initiative and responsibility."

Mr. Pike declined to amplify his statement or to say what will be the date of the state conference other than it will be soon after Jan. 1.

SIXTH OFFICER IS TRIED FOR WRECK

Naval Court Rushed Investigations Of Disaster Off Honda Point

By Associated Press
San Diego, Calif.—Moving with more speed than heretofore, the naval court martial trying 11 officers involved in the crash of seven destroyers on the rocks off Honda point, Sept. 8, is nearing completion of the sixth trial, that of Commander Louis P. Davis, who commanded the U. S. S. Woodbury.

Seven witnesses were examined and they repeated in substance almost the same testimony presented in previous trials. Evidence favorable to Commander Davis was given by Lieutenant W. W. Juvenal, assistant navigator of the U. S. S. Delphy, who declared that the officer was on the bridge or working over his charts virtually the entire day preceding the wreck. The Woodbury was fourth in line of the seven destroyers which were wrecked, but no lives were lost on the vessel, which lodged against a high rock to which the men were transferred.

MOON HELD RESPONSIBLE FOR DEATH OF WOODSMAN

By Associated Press
Catawba, Wis.—Heart failure due to excessive moonshine is believed to have caused the death of Myron Harriman, 55, a woodsman who has been found dead in bed in a local hotel. The coroner did not deem an inquest necessary.

Harriman is said to have relatives in Osseo and Ogema, Wis.

IRENE CASTLE SEEKS PERMIT TO MOVE RUM

By Associated Press
New York—Irene Castle wants to move her supply of liquor, valued at several thousand dollars, from her former home in Ithaca, N. Y., to her residence here. She made application for the transfer Tuesday to Prohibition Director Canfield but refused to discuss her cellar.

COURT HEARS CASE ON NATIONAL BANK BRANCH

Washington—The right of national banks to establish branches was argued Wednesday in the supreme court in a case brought by the First National bank against the State of Missouri.

The controversy has attracted wide attention.

Okla. Chief Opens Fight To Regain His Post

Word Battle Brings Cash For College

By Associated Press
Chicago—A friendly argument 20 years ago, was indirectly responsible for William S. Mason, Evanston banker, giving Northwestern university \$100,000 to endow a chair in history. Announcement of the gift has been made by Dean James Alton James, head of the university's history department designated by the donor as the first professor to hold the new chair.

The argument was between Mr. Mason and a friend, who contended that Benjamin Franklin was a great scientist, the banker maintaining that he was not. Later Mr. Mason made a study of Franklin's life and claims to have assembled the largest private collection of Franklin relics in the world.

The argument was between Mr. Mason and a friend, who contended that Benjamin Franklin was a great scientist, the banker maintaining that he was not. Later Mr. Mason made a study of Franklin's life and claims to have assembled the largest private collection of Franklin relics in the world.

CONSPIRACY IS CHARGED

Governor Announces Intention To Appeal To Supreme Judiciary Body

By Associated Press
Oklahoma City—Application of J. C. Walton, deposed governor, for a restraining order to set aside the verdict of a senate impeachment court by which he was ordered removed from office, was dismissed Wednesday by Judge John H. Central in United States District Court here. Walton announced an appeal to the United States supreme court.

Opening his fight to regain the governor's office, J. C. Walton went into federal court Wednesday to renew his plea for government intervention in the proceedings of the senate court by which he was ousted from office.

The deposed executive seeks a retroactive injunction to set aside the action of the senate court and restore him to office on grounds that he was denied the right of a fair trial.

CHARGES CONSPIRACY

He charges that a majority of members of the court were Ku Klux Klansmen who acted in furtherance of a conspiracy between the Klan and the state legislature to remove him from office.

Attorney General Short appeared as counsel for the legislature and state officials including Governor M. E. Trapp, who are named defendants in Walton's suit. The attorney general declared early Wednesday he would file a motion to dismiss the deposed governor's action as soon as the hearing began.

Meanwhile the state legislature prepared to go ahead Wednesday with plans for a general "cleanup" of the administration and to consider an early state anti-Ku Klux Klan legislation, for which purpose a special session was called by former Governor Walton.

The board of managers of the lower house which prosecuted Walton at his trial expected to file in the house Wednesday a bill of impeachment against Charles H. Ruth, supreme court commissioner and an intimate friend of the deposed governor. He will be charged, according to the board's announcement, with trafficking in acts of executive clemency.

RUM FLEET ON JERSEY COAST LANDS CARGO

More Than Twenty Loads Of Liquor Shipped To Shore During Night

Highlands, N. J.—Jersey coast rum runners took more than twenty loads from five liquor carriers about ten miles off the highlands Tuesday night in the first extensive smuggling operation attempted in months.

With the exception of one load, which was dumped into the sea when a coast guard cutter was sighted, the liquor was landed safely ashore. At least half of it is believed to have been landed by the runners from this vicinity.

One of the largest schooners in the rum fleet departed early Wednesday evidently having disposed of her cargo during the night.

Her place in the "row," a nice "corner lot," was taken soon after her departure by a smaller schooner that appeared to be loaded to the plimsol mark.

The night success apparently encouraged local runners, for Wednesday a number of them were observed tuning up their engines and filling fuel tanks. The weather continued ideal for smuggling.

The liquor ships, the smugglers say, have all sorts of liquors aboard with cargoes largely made up of whiskey and champagne.

YEGGS GET \$2000 IN POST OFFICES

Similarity Of Jobs In Theresa And Mayville Indicates Same Party

By Associated Press
Fond du Lac—Yeggen Tuesday night raided the postoffice at Mayville and Theresa. Dodgeco. made away with close to \$2,000 in stamps and cash. Similarity of the two jobs indicate that the same party visited the two offices.

At Mayville, the loot is figured at \$1,400 in stamps, according to William Kohl, postmaster. Entrance here was effected through a window. The safe was attacked with chiefs and the combination lock pried off.

At Theresa, the robbers made an attempt to enter the building through a window, which was in an exposed position. This was abandoned for a window in the basement at the rear of the building where entrance was gained. The lock on the safe was found pried off and the safe empty when employees reported for duty Wednesday morning. The loot was largely cash, amounting to approximately \$500.

LEBON DEMANDS VET LEGISLATION

Former Soldiers Make Statement Of Policy At Coolidge's Request

By Associated Press
Washington, D. C.—At the request of President Coolidge, officials of the American Legion have sent to the White House a comprehensive statement outlining the organization's legislative program for the coming session of congress.

The statement embodies the legislative proposals endorsed by the legion at its last national convention, including "a bonus bill, a measure for an automatic universal conscription of man power and industry in time war, an authorization for retirement pay for emergency army officers, centralization of all veterans legislation in a single committee in both senate and house, and numerous amendments of the present law governing the administration of veterans' affairs generally."

ESCAPED SLAYER TAKEN IN CANADA

By Associated Press
Vancouver, B. C.—Dominio Delino who escaped from the Lackawanna co. Pennsylvania jail in 1918 while awaiting electrocution for murder and who was recently arrested at Nelson, B. C. on charges of illegal entry into this country last Wednesday in the custody of Pennsylvania officers for Scranton, Pa.

The American authorities declared Tuesday that the chance of Delino obtaining a new trial "is slight" and that his execution may take place a short time after his return to Scranton.

Delino waived extradition and expressed a willingness to return to the United States, stating that he would produce sufficient witnesses to free him if he is granted a new trial.

MAYOR OF YONKERS COMMITS SUICIDE

By Associated Press
Yonkers, N. Y.—Mayor Walter M. Taussig was found Wednesday morning in the garage behind his home, a revolver near him, and was taken to a hospital where he died from a bullet wound believed by the police to have been self-inflicted.

Mayor Taussig was a broker of Frank W. Taussig, the famous economist, who served as chairman of the United States Tariff commission and has been the Henry Lee professor at Harvard since 1901.

The mayor, who was reputed to be wealthy, was the vice-president of the American Cham Co. and was interested in a number of other large industrial enterprises. He was active in local philanthropies.

The police admitted they had learned of no reason why the Mayor should have killed himself. A Democrat, he was defeated for reelection early this month by Ulrich Wiesendanger, Republican.

WARTIME PACKERS MUST OPEN BOOKS FOR PROBE

By Associated Press
Washington, D. C.—Swift and Co., Wilson and Co., and the Cudahy Packing Co., will be given until Nov. 23, by Secretary Wallace to open their books and records to auditors of the department of agriculture before action is taken to invoke penalties prescribed by the packers and stockyards act.

TRAINMEN KILLED BY WILD MACHINE

Reno, Nev.—Fate played a strange hand in the wreck on the Western Pacific railroad near Proctor, Nev., at the Utah border Tuesday when William Collieran, veteran engineer, lost his life, and fireman S. J. Hopkins lost his right foot, according to a dispatch to the Nevada State Journal from Elko.

A passing train crashed into a helper engine on a siding and started the helper careening down three miles of abandoned track, its four trucks digging deep into the ties. It hurtled into the main line switch at Proctor, rear trucks regained their place on the rails. Down the main line it thundered through a deep canyon into an eastbound freight piloted by Collieran. The fireman jumped. Collieran was killed instantly when the helper telescoped the freight engine and four cars.

SLEUTHS GET CLEW IN COUNTERFEITING

Madison—Federal secret service operatives who came to Madison Tuesday to investigate the reported circulation of more than \$500 in counterfeit \$10 bills here last Saturday, Wednesday were preparing to leave after conducting close inquiry into counterfeit operations.

Identity of the man responsible for circulation of the spurious money is believed to be known by the operatives. He is said to be an ex-convict. The federal men expressed belief that the responsible parties have escaped to Chicago and other large cities.

Divorce Caused By Wanderlust

By Associated Press
Milwaukee—The romance of Chase Osborn, former governor of Michigan, wrecked on the rocks of separation after martial relations of more than 42 years, began in Milwaukee when Osborn was a young newspaper worker, according to old time newspaper men here.

Mrs. Osborn formerly was Miss Lillian Jones, Milwaukeee.

Osborn claims the agreement to separate came as a result of irreconcilable modes of living—he preferring the big out doors—she the more modern amenities of civilization. His desire to explore jungle country is one cause of the separation.

BRIGHTER DAY FOR FOOD PRODUCERS IS JUST AROUND CORNER

Farm Conditions Better Now Than Any Time Since 1920, Dean Russell Says

Industry is the best of when it is located in the center where there is a surplus of food because it lowers cost of production, business men of Appleton and the nearby farming community and their wives were told by Dr. H. L. Russell, of Madison, dean of the college of agriculture of the University of Wisconsin, in a address at the forum dinner of the chamber of commerce Tuesday evening in Eagle hall.

Wisconsin is fortunate in that respect, he said, and the Fox river valley with its many industries also shares in that advantage because the state with its 150,000 farms is producing more food than its people consume. Ample and convincing proof was given of the force of the statement by the migration of westerners from the over-industrialized states of the seaboard to the west and south, and quoted figures to show how production costs are less in communities that are heavy producers of food.

FARMERS' LOT IMPROVES

Dean Russell is optimistic about the farmer's situation. He says conditions are the best they have been since 1920, but also development is far from complete and will come with greater production efficiency, elimination of the long haul from farm to consumer in these times of high freight rates, opening of the Great Lakes St. Lawrence waterway and development of latent water power areas of Wisconsin and other states. Inequalities in wages will come to an end in time, he believes and will check the somewhat unbalanced movement of people to the cities. The worst fear of people of this latter situation is the fact that the brightest young men are leaving the farm, and parents were appealed to impart the vision of the possibilities of agriculture to their sons.

Permanent success of any city depends on its environment, and the business man of Appleton should realize that fact, said Dean Russell. Cities can't grow far on lean communities. Appleton and other Wisconsin cities have grown by virtue of 199,000 farms in this state, he said.

MORE EFFICIENCY

Statistics showing that cities are growing seven and a half fold as compared to the farm indicate that the population is growing faster than the ability to produce. There are 14,000 more mouths to feed in this country and 500,000 farmers to do it. Wisconsin, Indiana and Florida are the only three states east of the Mississippi river that have not shown a decrease in the number of farms. This is not an indication that the country is going backward, because the per unit production has been increased by means of the tractor and other improvements. The fundamental thing is the relation to be maintained by the city and country.

Production costs are lower in the upper Mississippi valley, the "bread basket of the nation" than anywhere else, said the speaker. The industries are best off where food production exceeds that consumed and that is true of Wisconsin which produces 22 per cent more than it uses, and Indiana with 18 per cent above the self sustaining point.

WAGE WAGES ARE HIGH

New England taken as an example by Dean Russell to prove his statement. This region produces 40 per cent of all the country's manufactured products, but raises only one-fourth of the food its people consume. It sends \$500,000,000 west and south annually for the food it can't produce. Commodities cost 25 per cent more there on an average than in the west and south, and for food than in Wisconsin, Minnesota, Missouri and Iowa. Farmers must pay 1,000 workers \$135,000 more annually to cover the difference in the cost of living.

"We have got to look at this when we consider the development of our state," the educator declared. If you will study the statistics of New England, you will find that the tide of mills is moving south. You will find that by the time the next census is used the supremacy of the cotton and woolen industries will pass from New England to the south because of cheaper labor, power, coal and other conditions. It costs New England 60 cents a yard to produce cotton and it costs 10 cents in the south.

WORK TOGETHER

Both the manufacturer and farmer suffered in the depression and deaths of war and post-war conditions, said Dean Russell, and in the present worst time is sure coming the important factor is how the relations of the two will be maintained. They must work together to eliminate the long haul from the point of production to the point of consumption. The farmer produces the raw material, the manufacturer adds value and the consumer pays for it. The farmer produces raw material, the manufacturer adds value and the consumer pays for it. The farmer produces raw material, the manufacturer adds value and the consumer pays for it.

Then along came Gloria—and this modern Bluebeard swiftly won her for his eighth wife. But when she learned the startling truth—that the star was never so perfectly cast, never so alluringly gowned.

"LADY," IMBIBING TOO FREELY, NEEDS HELP OF GALLANT GENTLEMAN

Gallantry is not dead among some Appleton gentlemen even when the object of concern is an intoxicated "lady." The woman in question, who lives on Appleton street, was driven home Tuesday evening from Green Bay in a taxicab. At 11:20 the driver raised a great disturbance when the woman had not the where-withal to pay the bill which amounted to \$22. Bound that he would not be cheated he seized her watch and ring as security. Just then a man came to the rescue and paid the taxicab bill. The woman took back her watch and ring.

FIRE DEPARTMENT MAKES USELESS RUN TO "FIRE"

Firemen answered a false alarm Tuesday night to a fire in a cemetery near the Fox river. But when they arrived they found the caretaker with his helpers watching the "fire calmly." They were burning old dead grass and weeds.

Alarms of this kind should always be given over the telephone with an explanation of the nature of the fire, and persons who start a grass or rubbish fire would do well to notify the fire department assuring them that there is no danger, it was suggested at the fire department.

Water Department Approves McGillan's Suggestion For Better Protection

At a special meeting of Appleton Water commission at the city hall Tuesday afternoon it was decided to order 50 hydrants for spring delivery. They will be used for construction work in various parts of the city next season. The reason for placing the order at this time is to avoid possible delay in delivery.

The placing of larger hydrants in the business district which was brought before the commission by Chief George P. McGillan was approved and a communication will be addressed to the common council Wednesday evening asking that this work be completed the coming summer.

Large hydrants are advocated in the downtown district by the Fire Protection bureau for which credit is given in adjusting insurance rates. The larger hydrants are of the New York city standard type and have about twice the capacity of the present hydrants. About 30 will be required. The present hydrants will be used elsewhere.

JOINT-EASE For Stiff, Swollen Joints

Rheumatic or Otherwise

Says: "When Joint-Ease Gets in—Join Agony Gets Out."

It was a high-class pharmacist who saw prescription after prescription fail to help hundreds of his customers to get rid of rheumatic swellings and stiff, inflamed joints.

And it was this same man who asserted that a remedy could and would be compounded that would make crampy, swollen, tormented joints, work with just as much smoothness as they ever did.

Now this prescription, rightly named Joint-Ease, after being tested successfully on many obstinate cases, is offered today in a progressive pharmacy to the millions of people who suffer from ailing joints that need relief.

Swollen, twinged, inflamed, stiff, painful joints are usually caused by rheumatism, but whatever the cause Joint-Ease soaks right in to and skin and flesh and gets to the source, corrects the trouble and gives relief.

Remember Joint-Ease is for ailments of the joints, whether in ankle, knee, hip, elbow, shoulder, spine or finger, and when you rub it on, you may expect speedy and gratifying results.

It is now on sale at Volga's Drug Co. and drugists everywhere for 50 cents a tube.

1,500 PACKED IN KIMBERLY'S NEW CLUBHOUSE

Kimberly-Clark Co. Presents
Community Building
To Village

KIMBERLY'S new community clubhouse was formally dedicated to the people of Kimberly by F. S. Sensenbrenner, vice president of the Kimberly-Clark Co., at a splendid program in the new building Tuesday evening. The auditorium was packed to capacity. It is believed that nearly 1,500 persons were in the building. Dancing followed the formal program.

The building was accepted for the village of Kimberly by Joseph Doerflinger, village president. Addresses also were made by the Rev. F. X. Van Nistelrooy, the Rev. W. E. Cole and S. F. Shattuck. Vocal selections and band music was included in the program.

The community hall was erected at a cost of more than \$30,000. It fills a long felt need in Kimberly, according to all the speakers at the presentation ceremony.

Mr. Sensenbrenner declared the building was presented to Kimberly for its educational, recreational and athletic advancement and he said that the attendance at the program indicated the company had the good wishes of the community.

MEMBERSHIP DRIVE
A membership campaign to obtain members of an organization which will maintain the clubhouse will be started in the near future, President Doerflinger said in his speech of acceptance. He said the clubhouse solves a great problem in the village—that of providing a suitable place for recreation of its people.

Moral advancement will result from the building, the Rev. Father Van Nistelrooy declared. He enthused over the prospects for education and moral development which the new structure offers. The Rev. Mr. Cole also said that the community building will assure a closer acquaintanceship and fellowship in the village and will promote goodwill between employer and employee.

A quartet composed of Alfred DeWitt, Raymond Schwank, Denalta Williams and Ethel Graetz sang several songs and the Cedean band played a number of selections.

BIG GYMNASIUM
Activities of many kinds are provided for in the splendid structure. The gymnasium or auditorium is 57 feet long by 39 feet wide and contains equipment for basketball, indoor baseball, volleyball and for dramatics and concerts. Lockers for men and women are provided.

A spacious library and a splendid class room are included in the building. The main lobby is 60 feet long, and cases for candies, fruit and tobacco are installed. Toilets and baths are included in the structure.

It is proposed to use the gymnasium every noon for games by mill employees and the library and rest room will be open to those who do not care to participate in the sports.

Another program will be held at the hall on Nov. 27 when employees of all the Kimberly-Clark mills will be guests. Dancing will be the chief entertainment at this party.

Miss Mary Baker and Joseph Sandhoefer had charge of the program Tuesday night. M. H. Kettenhofen presided at the meeting.

JUDGE TOO BUSY TO HEAR POWER'S CASE

The preliminary examination of William Powers of Buchanan on charges of manufacturing moonshine whiskey has been continued by Judge A. M. Spencer. The hearing was to have taken place Monday in municipal court, but could not be held because a jury trial was in progress all day. The date of Powers' examination has not yet been set. His arrest was brought about by Sheriff Otto H. Zuehlke about a month ago, after he had been sought for practically six months following a moonshine raid on his premises.

BIG CLOWN CALLS FOLKS TO H. S. SENIOR AUCTION

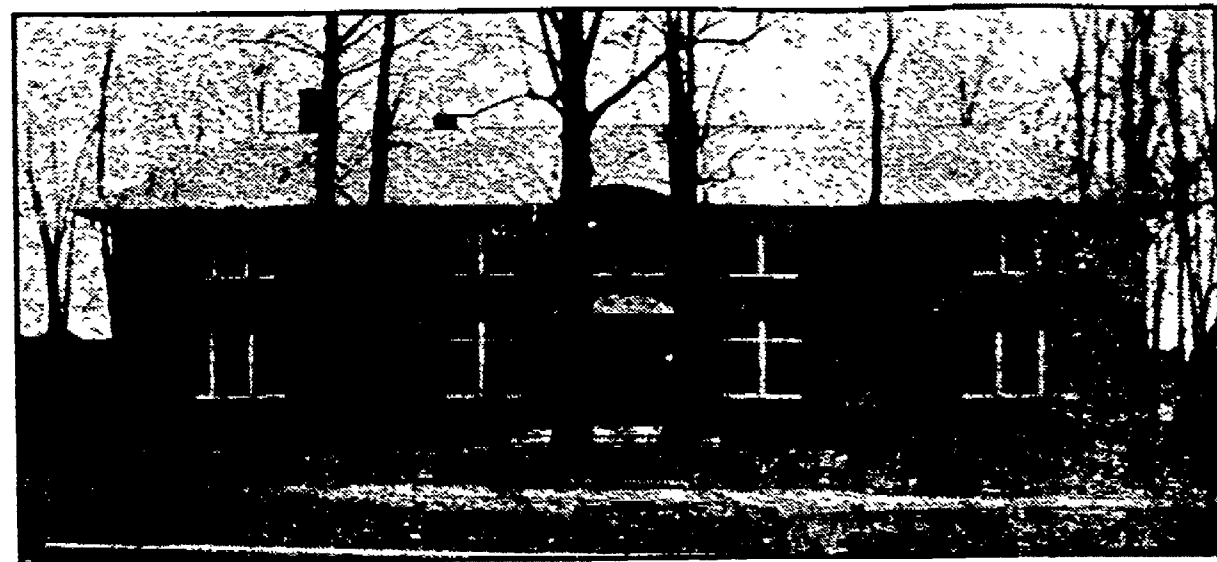

It was late Tuesday evening when the B. C. made his appearance at Appleton high school. All the little boys and girls who do what the Dad's club wants them to were beginning to think about going to bed when the B. C. was just finished dressing and getting ready to advertise the senior auction which will take place at the high school the day before Thanksgiving.

The B. C. is the big clown which is now in the main corridor of the high school calling the attention of all who pass through the halls that the day before Thanksgiving is the time when the high school students work hard in order that the needy people may have a pleasant holiday. The clown is the symbol of the auction. He is re-splendent with an orange and blue costume, a charming putty face and shimmering finger nails.

Shoot Big Deer
Peter Lantz, Sr., and son Earl of the town of Harrison brought back a deer that was said to weigh 350 pounds after a hunting trip of a few days. The men hunted around Popple river.

Dance? We'll do nothing but. See my other local next page. It tells you about Maple View.

Kimberly's New Clubhouse

400 FARMERS AND CITY MEN DISCUSS THEIR PROBLEMS

Interesting Program Offered At
Farm-City Forum
Dinner

(Continued from Page 1).

behalf of the farmers for the cordial spirit shown by Appleton businessmen, and for the intense benefits of the community meetings which had been held in the summer at various farms. He expressed the hope that this was only the beginning of an acquaintanceship and friendliness that would grow between Appleton and its neighboring community.

All the laughter that the audience contained was let loose when S. F. Pratt, secretary of the association of Sheboygan, took the platform and entertained with droll mimicry of the oldtime farmer and with imitations of farm animals that were mentioned in his tale of the farmer's daily routine. He furnished his own accompaniment for several songs and yodeling selections.

Dean Russell's address was followed by a talk by Paul O. Nyhus of Madison. Mr. Nyhus is federal crop statistician for Wisconsin and was a leader in Outagamie-co agricultural activities while farm agent of the First National bank of Appleton. He said he was most impressed with the farming community surrounding Appleton while he lived here, but that his estimation has gone up 10 or 15 points more since he began traveling the state in his new work. He declared that no locality surpasses this one as a place for successful dairying and farming.

PRAISES ALFALFA
Outagamie-co has just begun to come into its own in the culture of alfalfa, he said, and once the raising of this crop becomes general in areas where it is successful, dairying here will enter a new area. It is only in the last year that the farmers really began raising this crop in earnest, he said, and he still is at a loss to know why a community so logically adapted to its culture had not commenced years ago. Alfalfa, he said, can be raised with little effort, and is one of the most nutritive of foods for dairy cattle.

The program closed with a motion picture of the packing industry, showing how the great stockyards system makes national distribution of fresh meats possible without inconvenience either to the breeder or the consumer.

Menu cards at each plate indicated not only what was served, but contained figures to show Wisconsin's annual production of each product. Dairy products were given a boost by placing half pint bottles of milk at each plate, and supplying each per-

son with a liberal helping of cheese. The milk was donated by Valley Dairy Products Co. and the cheese by Emu H. Peters of Bear Creek, winner of second prize in cheesemaking in the world competition at the recent national dairy congress in Syracuse, N. Y.

A reception committee composed of members of the chamber of commerce and of Appleton Women's club was at the door to greet the visitors. Julius Kahn was chairman of this committee. The committee on arrangements consisted of L. O. Wissman, Harry Leppia, R. J. Schaefer, Dr. William Madson, Emory Meltz and J. L. Johns.

Keeping Millions Free From Colds and La Grippe

W. H. HILL'S LIFE WORK

Colds cause more illness than any other human ailment. Realizing this 50 years ago, W. H. Hill determined to develop a quick-acting scientifically correct cold and influenza remedy.

Years of research brought success. Mr. Hill discovered a most remarkable formula. He backed it with energy, faith, integrity and a name that meant "satisfaction or money back."

Today more than 4,000,000 families—one-fifth of America's population—use and recommend Hill's Cascara Bromide Quinine.

The formula has never been changed in a quarter century. What Hill's has done for millions, it can do for you. Demand the box bearing Mr. Hill's portrait. All druggists, 30 cents.

HILL'S CASCARA BROMIDE QUININE
W. H. HILL CO. DETROIT, MICH. (ESTD. 1873)

SON WITH A LIBERTY HELPING OF CHEESE.
The milk was donated by Valley Dairy Products Co. and the cheese by Emu H. Peters of Bear Creek, winner of second prize in cheesemaking in the world competition at the recent national dairy congress in Syracuse, N. Y.

NIGHT WATCHMAN GETS JUDGMENT FOR BACK PAY

A sheriff's sale will be conducted at 10 o'clock Thursday morning at the Instant Heat Company of America, Lake and South Rivers sts., at which Sheriff Otto H. Zuehlke will dispose of a quantity of paper cartoons and office fixtures to satisfy a municipal court judgment of \$265 in favor of Joseph St. Louis as money due him for back salary as night watchman.

Test New Scales
The new 20 ton scales just installed at the city service station were tested Tuesday and are in commission. They are of the most modern type and replace the old one which had been in use for more than 30 years.

I've got another good one.
Come out tonight, I'll give to you. Maple View.

IF OTHERS FAIL DO NOT GIVE UP. CONSULT Dr. GEO. L. GIBBS

758 College Ave., Over Voigt's Drug Store
Appleton, Wis.

Gives free advice and examination to Sick, Diseased and Discouraged sufferers. Do not give up. Come to me. My method of treatment has proven successful after all other treatments have failed. I have specialized for years in the successful treatment and removal of Chronic, Nervous, Blood, Skin, Stomach, Liver, Bowels, Gall Stones, Appendicitis, Piles, Hemorrhoids, Kidney and Bladder Diseases and my office is fully equipped with modern Appliances, Serums, Bacterine, Anti-Toxin, Specific Remedies, Intravenous Medicines, etc., which I use in my daily practice.

STOMACH

Diseases, if neglected, cause complications, frequently of a serious nature, ultimately leading to operations. Avoid the knife before it is too late. If you have Sour, Acid, Burning, Belching, Bloating, Gall Stones, Appendicitis, or Distress, Consult me Free about my successful treatment.

NERVOUS

Diseases wreck the Health and cause Premature Old Age. If you have Wrinkles, Worn or Haggard Appearance, or are Irritable, Restless, Sleepless, Shaky, Sleep does not Refresh you, or any symptoms of Nervousness, Consult me Free about my successful treatment. Delays are dangerous.

BLOOD

Is the safest and surest method for the removal of Eczema, Psoriasis, Itch, Pimples, Acne, Skin Blemishes, Tetter, Sores, Ulcers, Boils, Catarrh, Rheumatism or any disease in which the Blood is involved. I have used my present form of treatment for years with uniform success. Consult me Free about it.

KIDNEY

and Bladder Diseases, their complications and symptoms are many, too many to mention herein. Neglect is very dangerous for complications of a serious nature may arise overnight. Consult me Free about my successful treatment. "Honest Treatment." Pay for Results Only. Remember, Disease is never at a standstill, either you must conquer it, or it will conquer you. Hours for a Free Consultation and Examination at Appleton, 10 to 12, 2 to 5, 7 to 8, Thursdays, Fridays, Saturdays, Sundays, 10 to 12 only. Oshkosh Hours 10 to 12, 2 to 5, 7 to 8, Mondays, Tuesdays, Wednesdays; Sundays, 2 to 4 only. 103 Main-St.

Dr. Geo. L. Gibbs
758 College Ave., Appleton.
103 Main-St., Oshkosh.

REPEAT PROGRAM AT FIFTH WARD SCHOOL

On Wednesday evening the same program that was presented at the Third ward school Tuesday evening will be offered at the Fifth ward school. Teachers are to discuss all phases of education, local and national. On Thursday evening District Attorney John Lonsdorf and C. W. Cross will talk on "Parent's Part in American Education" at the Third ward school and at the same time Dr. J. L. Mursell of Lawrence college and W. S. Ford of the vocational school will speak on the same topic in the Fifth ward school. Friday afternoon "Fads and Frills of Our Schools" will be presented at both buildings. This is to be an exemplification of work done by children in home arts, physical education, industrial arts, kindergarten work, music, current events and thrift. Parents have been urged to visit the school at any time and especially this week when special programs have been arranged.

Vernor Rule, Louis Peterson, John Steidl and Joseph Fisk returned Wednesday morning from Donald Taylor-co. with one deer.

ATHLETIC FIELD FOR APPLETON

Appleton high school football teams
soon will have a playing field they can
call their home. If the Fathers' association
of the high school attacks the problem of
providing a stadium with the same enthu-
siasm it showed at the meeting Monday
evening when the project was launched.
Not a word against the proposed athletic
stadium was uttered and every man who
spoke at the meeting indicated that the
city wants and needs a recreation field and
a willingness to help obtain one.

A municipal athletic field in which
school teams and other organizations can
hold athletic events is not a new idea,
not even in Appleton. It has been agi-
tated here for several years but no definite
steps were taken until this week.

Three suggestions for financing the nec-
essary construction were offered the fathers.
One was by raising the money in a
tax levy, another by subscriptions and a
third suggestion was that the cost might
be defrayed by an individual who would
want to leave a monument to his gener-
osity, or by a group of public-spirited citi-
zens.

Appleton already is carrying a heavy
burden of taxes and it scarcely seems ad-
visable at this time to increase the tax
load. Either of the last two suggestions
stated above would be preferable to a
property tax.

A municipal athletic stadium offers a
splendid opportunity for a person of
wealth to leave a monument to his public
service. There are many cities in United
States, several near home, which boast
splendid stadiums made possible through
the generosity of wealthy citizens. Me-
nominee, Mich., has a well equipped field
donated by a wealthy man as a memorial
to his son; Beatrice, Neb., where the high
school football team played two years
ago, has a field that compares favorably
with college stadiums erected by a family
of public spirited citizens.

There are a number of men here finan-
cially able to build the stadium. The site
already is paid for; all that needs to be
done is building the enclosure, the grand-
stands and bleachers, laying out the play-
ing field and equipping a fieldhouse. It
might be well for the committee from the
Fathers association, which will study the
possibilities of erecting a stadium, to con-
sider this suggestion.

STINNES IN OIL

Hugo Stinnes, according to Vincent
Sheean of the Chicago Tribune foreign
staff, is planning a worldwide petroleum
war against Standard Oil. The great
German magnate thinks he can beat the
Rockefellers at their own game. It is
doubtful whether Standard Oil will need
any sympathy. Generally it can take
care of itself.

The methods utilized by this gentleman
in making his fortune would not, in the
United States, gain him admission to any-
thing but a federal prison. Sheean cites
several ways in which Stinnes illegally
avoided his share of the tax burden and
profited by the fall of the mark, at the
expense of thousands of more honest Ger-
mans who paid and stayed. He would
import foreign products and persuade the
German government to permit him to de-
posit "guarantees" in London or Paris.
Then when he paid up he would conveni-
ently forget to bring home the guarantees
depositing them instead in foreign indus-

tries. He worked the same trick, it is
stated, with loans on commercial paper;
and perhaps the cleverest dodge was to
register German patents in neutral coun-
tries under a dummy company, sell them
back to himself in large annual rates
transferred across the border, where of
course the money was reinvested free of
German taxes.

Now Stinnes is up against it in Ger-
many, the conditions of trade expansion
having vanished in internal disorder. He
is forced to fall back upon the subsidiary
companies he has formed abroad to aid
him in his tax evasion at home and to ex-
pand his business. Among these compa-
nies are oil firms organized in Rumania,
Siberia, South America and other parts
of the world. Buying into American oil
lands with his concealed profits and con-
solidating with his foreign interests he
might be a considerable factor in reducing
the price of gasoline. But probably he
would prove no more useful than the pres-
ent competition the Standard Oil is having
to meet from our own independent pro-
ducers, due to discovery of the Great San-
ta Fe Springs, Signal Hill and other
fields in California and the southwest.

NOBODY'S SLAVE

You would never hear an alarm clock
if you lived in Korea. People there pay
no attention to time, according to the
book, "Wandering in Northern China." Koreans, reports the author, have no special
hours for anything. They eat when
they get hungry, not before. They do
not go to bed until they are tired, regard-
less of the clock. And they do not get
up in the morning until they feel like it.
How would you like this sort of life?

After all, there is a lot of horse sense
to the Korean system of eating and sleep-
ing according to impulse. Impulse or
craving is the voice of nature. Nature
tells us when we need food. She tells us
when we need sleep. Our ancestors, back
yonder in cave-man days, probably obeyed
nature's voice. In becoming civilized,
we have somehow gotten the notion that
regularity in our habits is "the thing." We
are slaves of the clock instead of na-
ture. What difference does it make? Well,
nearly all of man's problems are re-
sults of violating natural laws.

Regularity, of course, is necessary in
this automatic existence, civilization. For
civilization is an association of individ-
uals, a grouping in herds for mutual
benefit. Grouped, we exchange ideas and
the products of our labors. Such an ex-
change necessitates routine. And, the more
highly civilized we become, the more
routine—mechanical existence—naturally.

TAX SPENDERS

How much of your hard-earned money
is being spent for government? The tax
question is coming to the front again, so
here is a summary of the tax spenders
supported by the taxpayers. There are
2,700,000 public servants on the payroll
of national, state and municipal govern-
ments in America, and their pay 3500
million dollars a year, according to a
check-up by the National Industrial Con-
ference board. This huge figure does not
include the 670,000 pensioners and other
inactive persons receiving support—the
whole lot collecting 320 million dollars
a year. So taxpayers are supporting
3,370,000 tax spenders—or, as a
wag calls them, "tax eaters." And the
cost of the whole lot is not far from four
billion dollars a year, for salaries alone.

The public payroll costs every man,
woman and child in the country an av-
erage of \$34 a year. The cost is \$91 a
year for every American over ten years of
age. Furthermore, one person out of ev-
ery twelve over the age of sixteen in
America is a public employee. In other
words, every eleven taxpayers are sup-
porting one tax spender.

The cost of state, county and munic-
ipal governments has increased tremen-
dously since before the war. William P.
Helms, Jr., an able authority, estimates
that state governments alone cost 1143
million dollars in 1922. This figure in-
cludes all items of expense—salaries, in-
terest on debt, etc. The really important
question, of course, is what taxpayers are
getting for their money, rather than how
many are getting it.

Football is played with the pigskin and this may
be why there are so many rooters.

Arguing with a policeman is about as foolish as
a dog trying to bite a big automobile.

Many people have the polish and refinement of a
good education without the good education.

When you burn your hand put a little soda on
the place. Nothing, however, helps scalds.

The best thing about stopping at a hotel is you
don't mind if you do get the towels dirty.

Health Talks

BY WILLIAM BRADY, M. D.
Noted Physician and Author
Dr. Brady will answer all signed letters per-
taining to health. Writers' names are never
printed. Only inquiries of general interest are
answered in this column, but all letters will be
answered by mail if written in ink and a stamped,
self-addressed envelope is enclosed. Requests for
diagnosis or treatment of individual cases cannot
be considered. Address Dr. William Brady, in
care of this paper.

FRESH AIR IN SCHOOL

I contend that the dulling influence of foul air
on the brain has something to do with the back-
wardness of school pupils nowadays; this makes so
much "homework" necessary.
Fresh air in the school room is conceded by all
authorities to be an excellent thing for the pupils.
The trouble with school room ventilation, as it
seems to me, is that the officials who determine
what it shall be or how it shall be provided are not
quite certain what fresh air is or whether it is quite
safe for young 'uns and teachers to breathe. Am-
biguity is apparent in nearly every discussion of
ventilation problems.
Striped of quasi-scientific trimmings and the for-
bidding atmosphere of mystery, ventilation means
letting sufficient air into and out of the room. The
simplest and most efficient ventilation of a room
is through open windows. Ah, but that implies a
draft! Sure. Without a draft ventilation is abso-
lutely impossible. You must have a draft else
breathes foul air. But just because it was formerly
imagined drafts brought pneumonia, dampsness ma-
laria, and night air consumption, you don't have to
go on believing it.
The simplest way to insure fresh air in any school
room having windows is to fit the windows with
unbleached muslin, full size of the windows. This
admits air and light but excludes rain, snow, dust,
wind, insects and even drafts. School rooms thus
equipped are easily kept at a comfortable tempera-
ture in winter without waste of fuel.

QUESTIONS AND ANSWERS
Neuritis Round the Heart
Is neuritis round the heart dangerous?—Mrs. J.
W.
Answer—No more than in other situations.

Cause of Itch
What is the real cause of itch? Are there sev-
eral kinds of itch? How does sulphur ointment
operate to produce a cure?—Mrs. E. S. B.
Answer—Scabies, commonly called the itch, is
caused by a parasite, the itch mite, which can
barely be seen with the naked eye. The mite bur-
rows under the cuticle. Sulphur acts as a parasici-
cide (kills the parasites), provided a well made fresh
ointment is used and sufficiently well rubbed into
the skin after a hot soap and water scrubbing pro-
longed to the limit of endurance.

Trachoma
Kindly tell me what trachoma is. One of my
girls has something like granulated eyelids.—B. G.
W.
Answer—Trachoma is a contagious, chronic, pro-
gressive eye inflammation which seriously im-
pairs vision if not early recognized and vigorously treated.
At one stage it resembles ordinary "granulated
eyelids." It is widely prevalent in some parts of the
south, including your section of Georgia. It is com-
monly known as "red sore eyes." You should take
your child to an oculist for examination or find out
from the health officer where the nearest clinic or
eye hospital is. Trachoma spreads among children
in school and among different members of the house-
hold.

Change of Life
I have a sister who a month ago went insane.
Doctors say it is change of life and that high blood
pressure caused it.—T. L. C.
Answer—Neither of these factors causes insanity.
There is no such thing as change of life. High
blood pressure is a symptom or effect of various
disease conditions, not a cause.
(Copyright, National Newspaper Service.)

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO
Wednesday, November 22, 1893

Amos Adsit was back from his dental college work
at Chicago for Thanksgiving.
C. P. Hill, who closed out his grocery business in
Appleton was about to reengage in business in
Houghton, Mich.

Miss Anna Peerenboom entertained the Bur
Whist club the previous evening.
Mrs. W. H. Killea presented the children of the
kindergarten department of the Lincoln school with
individual drinking glasses.

Sarazel G. Marshall of Appleton and Miss Jennie
Rice of Milwaukee were married at Milwaukee the
day previous.

The joint annual Thanksgiving service was to
be held at the Congregational church. The sermon
was to be delivered by the Rev. Ray C. Barker.

Louis Krause died at his home on Franklin-st.
the day previous.

At the meeting of the Epworth league a commit-
tee consisting of W. E. Barron, Bessie Mills and
Peter Drysdale were appointed to nominate officers
for the following year.

John Foss was elected superintendent of the
workhouse on the ninth ballot. Five candidates
were in the race.

Henry Nichol was awarded the plumbing con-
tract for the new Holy Family hospital at Manitowish.

Leavenworth university football team left for Mil-
waukee and was to meet the team of St. John's
Military academy at Delafield the day following.

TEN YEARS AGO

Wednesday, November 13, 1913

C. A. Siegel of New London was in Appleton on
business.
Franklin T. Smith of Milwaukee was visiting rela-
tives and friends.

Over the Teacups club was to meet the following
Friday afternoon at the home of Mrs. George F.
Kull.

Miss Rosella Branchford was tendered a linen
shower by the young ladies of the Wisconsin Tele-
phone company.

Mr. and Mrs. William Krantzsch were surprised
by a group of friends the previous evening in
honor of the tenth anniversary of their wedding day.
Application for a marriage license was made to
the county clerk by Miss Emma Wendt of Kaukauna
and W. E. Maertz of Reedsville.

John E. Butler of Stevens Point and Miss Pauline
Manning of Appleton, were married at St. Mary
church.

Prof. John S. Games was added to the Elks mi-
nority day program, Dec. 7. He was to give a read-
ing.

Col. N. E. Morgan, John Hackworth and Com-
missioner John Goodland returned from Eagle River
where they spent several days at the summer home
of T. A. Wiley.

The exact date on which the government was to
issue an order formally closing navigation on Fox
river was to be announced in a few days.

John Hoberg of Green Bay was badly burned
while endeavoring to save an automobile from his
garage which was on fire.

Movie censors are busy again. They enter a movie
saying "What's wrong with this picture?"

Ghost near Atlanta, Ga., was a horse. It was a
nightmare. That's a horse on them.

They think Caruso's successor has been found.
We don't.

SEEN, HEARD and IMAGINED

---that's all
- there is
to life

A MOURNFUL TAIL
One day I kicked a mournful mut,
And he yelped a sorrowful wail;
You ask, where did I kick him? Hal
Thereby hangs a tale.

Only one more week until Turkey
day. Better fill up and get the taste
while it lasts, for it is predicted that
in 20 years, maybe less than that,
there won't be any Thanksgiving tur-
keys left. And no post-Thanksgiving
day hash. Which goes to show that
it's an ill wind that has no silver lin-
ing.

MORE SELLING HINTS
SAY, Rollo, tell this to the circula-
tion manager: The other night the
editor of the Black Creek Breeze was
walking through the park and you
can imagine what he saw. The next
day he put a small notice in the paper
saying "The man seen in the park last
night with his girl does not come to
this office to pay his subscription, his
name will be disclosed." The next
day 14 young men came in and
paid their subscription.
—Salesman Harry.

The country is threatened with a
Turkey shortage. There's a tip for
some embryonic song writer.

Ho! hum! Not a word of news from
Hollywood for over a week. Every-
body must be happily divorced by
now.

"And have you music at church?"
I asked the village squire.
"Well, no," said he, "Can't say, we
have."
Jest singin' by the choir.

Household Hints
Save your banana skins. You can
use them for slippers at a dance to
the tune of that Banana song.

Now that hair pins are out of style,
they can be used to good advantage
as tooth picks.

LOTS OF FOLKS DON'T NEED
AN AUTOMOBILE TO RUN INTO
DEBT.

Nothing like practising auto-sug-
gestion. A man dropped into a local
lunch room last week and blew on
his fingers to warm them up. Feeling
chilly, he thought he would drive out
the chill by eating a dish of Chili.
When it was served he started to
blow the Chili so as to cool it off. He
followed up the hot dish with a dish
of ice cream, and the ice cream ac-
tually burned his tongue.

"YOU ARE WHAT YOU EAT"
—Ad in Literary Digest.
Last night we were a poor fish.
The lady sitting opposite us at our
table was a hot tomale. Two tables
pounder sat an awful egg. His com-
panion, however, was certainly some-
thing. The fellow next to our elbow
was a big cheese.
ROLLO.

Gamest Beast Is Wild Boar, Say Big Huntsmen

(W. A. Fraser, in The Saturday
Evening Post.)

Any man who has enjoyed pig-
stickling, has ridden after the mighty
boar, will tell you that the wild boar
is the gamest animal on earth. Of
course, his gameness may be due
largely to a lack of sense, lack of
imagination; it quite probably is.

Dr. Hornaday tells in his book,
Minds and Manners of Animals, how
he was forced to shoot a wild boar,
in the Bronx zoo, which, he felt sure
would keep on charging the wire net-
ting of his pen until he broke through.

Then the boar most certainly would
have ripped up people right and left.
I saw a touch of this disposition on
the part of a porcine larrikin in Ber-
ma. Two or three of my men were
traveling just ahead of me on a good
jungle road. I heard yells of fear and
was just in time to see the quarters
of a slate-colored boar disappearing
in the thick jungle. On the path was
a dying Burman, ripped wide open.
The other man had died; in fact, they
were helpless. Even a sahib armed
with a gun, taken in the sudden mad
rush of the boar, would have been
killed.

A boar doesn't wait and make a
grandstand play like a tiger, before
settling down to business. He whisks
out of his cover and comes straight
as a bullet for the thing he has taken
a sudden dislike to. If it is a hun-
tman on horseback, armed with a
spear, the boar tries to slit up the
forelegs of the pony but he doesn't
wait; he keeps going, his goal being
the soft stomach of the horse. He
has been known to charge the engine
of a train on the East Indian rail-
way.

Sky Gardens In Ancient Egypt

From Popular Mechanics

Rivalling the wonders of ancient
Babylon's hanging gardens, a mil-
lion-dollar home, surrounded by grass-
carpeted and ornamented grounds
studded with trees and shrubbery,
has been erected on the roof of a New
York skyscraper. Far above the din
of traffic, this domestic repose is a
setting similar to that of a country
villa. Three feet of earth has been
found sufficient to nourish 15-foot cy-
presses, vines, rosebushes and lawns.
Rustic benches, flagstone walks, fish
pools and birdhouses add touches of
regal beauty to the "estate," which
calls attention to the excavations of
like works now progressing in Egypt.

An exploring party there has un-
earthed the remains of a "sky gar-
den" said to have been built by Pha-
raoh Mentuhotep III over a barren
cliff of sand and stone near Valley
of Kings. High above the ruler's
palace, landscape artists laid out
a spacious courtyard. Slave gangs
bored a series of holes, into which
was dumped rich soil from the Nile
and sycamore figs, a most imposing
tree, were planted. Flowers from
the lowlands and the tamarisk were
cultivated, according to reports, which
state that dried-up forms of these
were found in the cavities made by
the ancient gardeners.

Wear Duofold and Keep Warm
A Doctor Will Tell You
that Duofold's two layer fabric is right
in principle.

DUOFOLD
Health Underwear
Two thin layers with air space between. A
light weight knitted fabric that keeps out
cold and damp far better than any single layer
much thicker.
Try it and you'll be surprised at the comfort
you get from underwear that protects so well.

The Quest on Box

(Any reader can get the answer to
any question by writing The Apple-
ton Post-Crescent, Information Bu-
reau, Frederick J. Haskin, Director,
Washington, D. C. This offer applies
strictly to information. The Bureau
cannot give advice on legal, medical
and financial matters. It does not at-
tempt to settle domestic troubles, nor
to undertake exhaustive research on
any subject. Write your question
plainly and briefly. Give full name
and address and enclose two cents in
stamps for return postage. All replies
are sent direct to the inquirer.)

Q. Did Pocahontas have another
Indian name? C. W. F.
A. The real name of Pocahontas
was Matoaka. Pocahontas is a verbal
adjective, meaning he or she is play-
ful. This nickname was used by
Pocahontas' father, Powhatan. In
speaking with the Virginia colonists.

Q. How many Carnegie Libraries
have been built? H. M.
A. The Carnegie Corporation says
that "there have been erected in the
United States and Canada by Mr.
Carnegie and by the corporation un-
der his direction, 1775 libraries."

Q. I have been told that the smithy
in Longfellow's poem of "The Vil-
lage Blacksmith" is in England. Is
this true? L. D. M.
A. Earnest Longfellow, the poet's
son in "Random Memories" says: "A
short time ago, I saw in an English
newspaper that the 'village smithy'
was in a certain English village that
was named; as a matter of fact, as
everybody knows, it was on Brattle
Street, Cambridge, Mass."

Q. Do rings bear marks setting
forth the amount of platinum in
them? R. C.
A. Usually there is no mark in a
platinum ring corresponding to the

carat mark in gold rings. Platinum
is not sold by carat fineness. Eighteen
carat gold is a product, for instance,
which is 18 parts gold and 6 parts
alloy.

Q. Are animalcules in water suf-
ficient food for goldfish? Y. M.
A. They are not sufficient food.
If commercial fish food is not avail-
able, goldfish may be fed crushed
vermicelli, Anita eggs, small worms,
aquatic larvae, and green stuff in the
form of lettuce and water cress.
Bread crumbs may be used but they
should not be allowed to stand in the
water.

Q. For whom is the destroyer O'-
Brien named? D. W.
A. It is named in memory of Cap-
tain Jeremiah O'Brien, U. S. N., and
his four brothers. The five O'Brien
brothers were residents of Machias,
Me., when the battle of Lexington
was fought, April, 1775. When the
news reached Machias the patriotic
citizens erected a liberty pole. A
British sloop of war, the Margareta,
arrived in Machias Harbor under
command of Lieut. Moore, and the
lieutenant declared unless the pole were
cut down, he would destroy the town.

During the parley that followed, the
lumber sloop left Machias and lazily
drifted toward sea as if about to pass
near the warship. The sloop, ap-
parently badly handled, fouled the
warship, and instantly scores of
Yankees boarded the foreign craft,
armed with pitchforks, axes, and mus-
kets. A battle followed in which the
Americans were victorious after los-
ing six men and killing ten of the
enemy, including Lieut. Moore. This
was the first naval engagement of
the Revolution. The lumber sloop
was under the command of Capt.
Jeremiah O'Brien, and four of his
brothers were in his crew. Joseph
O'Brien, the youngest brother, was
only 16 years old and his request to
join the party was refused. He
snatched himself aboard the sloop and
during the fight proved himself to be
very much a man. Lieut. Moore's
sword was given to Joseph O'Brien,
the baby of the crew.

Q. Tell me whether there were
any 1804 silver dollars minted? J.
L. C.
A. According to the annual report
of the Director of the Mint there
were 321,000 were coined after bear-
ing the date of 1804. Conflicting
stories are current respecting this
celebrated dollar. One, that the en-
tire coinage was aboard a vessel which
sunk in the Mediterranean Sea and
the cargo lost. Another, a doubt that
any dollars were struck during this
year, the belief being that dollars
bearing this date were struck years
after, hence those in existence are
"restrikes." Another disposition of
the question by "all are restrikes"
frauds." It is generally believed
that not more than a dozen genuine
"restrikes" are in existence. The
dies were destroyed in 1853. The
first known specimen was sold in
Philadelphia, 1907, for \$3,600.

ONLY TWO PLAYERS BETWEEN THEM AND THE GOAL POSTS

Are You Serving Well-balanced Meals?

The problems of food selection
often cause the conscientious house-
wife a good deal of worry. Ade-
quacy, wholesomeness, attractive-
ness and cost must all be consid-
ered.
A new booklet entitled "Good
Proportions in the Diet" has been
prepared by the States Relation
of the Department of Agriculture.
This booklet covers thoroughly
every detail of food selection, tells
what kinds of food are needed,
gives the proportions and amounts
of food required, and suggests a
number of menus for well-balanced
meals.
Every woman who is responsible
for the meals of a household
should have a copy of this book.
Send for yours today. Fill out and
mail the coupon below, enclosing
two cents in stamps for return
postage.

Frederick J. Haskin, Director,
The Appleton Post-Crescent
Information Bureau,
Washington, D. C.

In enclose herewith two
cents in stamps for return post-
age a free copy of the booklet
"Good Proportions in the Diet."

Small Crowd At Recital In Chapel

A small crowd attended the joint recital of Miss Josephine Lucchese, soprano, and Robert Ringling, baritone, in Lawrence Memorial chapel Tuesday evening. Miss Margaret Carlisle, pianist, assisted the soloists. The audience was well pleased with the program, and especially with Miss Lucchese, who was called back three times after singing "Caro Nome."

PARTIES

Mrs. John Goodland entertained 35 guests at a luncheon at her home, 833 Onondaga, Tuesday. Bridge followed, at which Mrs. Theodore Belling, Mrs. William Mason and Mrs. F. L. Wood were prize winners.

Mrs. Frank Belch entertained about 50 guests at a buffet dinner at her home in Oshkosh Sunday evening for Miss Mary Murphy of Seymour, whose marriage to Anton Traxler will take place soon. Music and dancing furnished entertainment.

Miss Mabel Zueger, 538 Drew-st., entertained 12 ladies at her home Tuesday evening for her sister, Mrs. William Juse. Prizes at games were won by Miss Anna Kuehl and Mrs. George Miller.

Miss Virginia Rule, 901 Clark-st., entertained 12 little friends Saturday afternoon on her eighth birthday anniversary. Prizes at games were won by Winifred Milhaupt, Mary Jane Butler and Marion Rule.

Mrs. John Lueders entertained 21 guests at her home, 591 Fair-st., Tuesday evening. Prizes at schafkopf were won by Mrs. Mary Peters, Mrs. Louis Fietor and Mrs. Anton VanOoren.

Mr. and Mrs. John Ort of Ellington were surprised Sunday evening by a group of friends and relatives in honor of Mr. and Mrs. Ort's twenty-first wedding anniversary. Mr. and Mrs. Fred Ort and family, Mr. and Mrs. L. Beutle and family, Mr. and Mrs. George Schroth and son Leo, Mr. and Mrs. Chris Wunderlich, Mr. and Mrs. William Gosse, Mr. and Mrs. Charles Gosse and son Gordon, Mr. and Mrs. Roland Bleck and daughter, Mr. and Mrs. Otto Latenschmidt, Mr. and Mrs. William Jentz and son Orvel, Mr. and Mrs. Oscar Loos and son Bud, Mr. and Mrs. John Bohl, Mr. and Mrs. Ora Bungert, Mr. and Mrs. Fred Bungert, Mr. and Mrs. Jacob Loos, Mr. and Mrs. Elmer Miller and daughter Marcella, Mr. and Mrs. Edward Wiesler and family, Mr. and Mrs. Nicholas Wiesler and son Lial, Mr. and Mrs. Elmer Bleck, Mr. and Mrs. Joseph Wiesler and daughter Ardith, Mrs. Catherine Wiesler and daughter Eleanor, Theresa and David Halloran and Miss Marie Hoffman.

Mr. and Mrs. George Schult of Grand Chute were surprised at their home Sunday evening by 65 friends. Music and dancing was enjoyed. The guests included Mr. and Mrs. George Roll, Mr. and Mrs. George Stever, Mr. and Mrs. Otto Latenschmidt, Mr. and Mrs. Howard Zuelzke and family, William Zuelzke of Milwaukee, Jack McDaniels, Robert Moor, Mr. and Mrs. Nicholas Wieland and family, Charles Bender, Martin VanHandel, Mr. and Mrs. John Schroeder, Mr. and Mrs. John Palmer and family, Mr. and Mrs. Hecker and family, Mr. and Mrs. Anton Recker and family, Miss Mildred Koh, Miss Genevieve Dresang of Little Chute, Albert Vanderfoot of Freedom, Edward Schroeder, Miss Laura Bender, Raymond Bender, John Schumacher, Arthur Schieler and Martin VerKullen, the latter of Kimberly.

It's Maple View Tonight. Another surprise. This will be good. Read other locals.

LODGE NEWS

Women of Mooseheart legion will hold their regular meeting at 8 o'clock Thursday evening in Moose temple, corner of North and Morrisson-sts. A class of candidates will be initiated and officers elected for the coming year. A two-act comedy will be presented after the meeting. It is expected that visitors from Green Bay will be present. All local members have been asked to take a ten-cent package for the grab bag which is a feature of the Christmas bazaar, Dec. 6.

Pythian sisters met Tuesday evening in Castle hall at their regular business meeting. It was decided to have election of officers at the next meeting, Dec. 4. An invitation has been extended the local lodge to visit the Neenah organization Friday evening when a class of candidates is to be initiated.

Knights of Pythias will meet at 8 o'clock Wednesday evening in Castle hall. Routine business will be discussed.

Regular meeting of the John F. Rose chapter, Order of DeMolay, will be held at 7:30 Thursday evening in Masonic hall. Parents of the members have been invited to attend. Arrangements will be made at this meeting for a radio party to be given Saturday.

Moose lodge held its regular meeting Tuesday evening in Moose temple, corner North and Morrisson-sts. A class of candidates was initiated into the order.

Big Audiences Of Women Hear Hygiene Talks

A surprisingly large number of Appleton girls and women have heard Miss Mabel Craig Stillman's lectures since she has come to Appleton under the auspices of Appleton Women's club. Miss Stillman will talk to mothers and others who are interested in giving instructions to children at 3:30 Friday afternoon. She will talk to the high school girls on Friday morning and at a mill on Friday and Saturday at noon. Her Appleton program will be completed with her address at the cozy at the woman's clubhouse Sunday afternoon. The Sunday lecture will include a question box.

Norman Schomisch returned to St. Paul Tuesday night after a brief visit with relatives and friends.

Begin Practice For Xmas Play

"Why the Chimes Rang" is the Christmas play which the dramatic workshop of Appleton Women's club will present in December. The workshop had its regular meeting on Tuesday evening to discuss the Christmas program. The details of the holiday presentation have not been completed.

CLUB MEETINGS

The Employed Boys Brotherhood installed new officers at a meeting in the Y. M. C. A. Monday evening. The ceremony was in charge of C. L. Boynton, activities secretary.

A meeting of the Current Events Debating club will be held at 7:35 Wednesday evening in the directors room of the Y. M. C. A. The club is one of the new organizations that was launched at the Y. M. C. A. last week. Attorney J. L. Johns is president.

Thursday club will meet with Mrs. Anton Boehmlein, 724 Main-st., Thursday afternoon. Schafkopf will be played.

Mrs. W. Hantschel was hostess to Four Leaf Clover club at her home, 920 South Division-st., Tuesday afternoon. Prizes at schafkopf were won by Mrs. Henry Miller, Mrs. Joseph Schultz and Mrs. Arthur Wetzel. The next meeting will be held at the home of Mrs. Joseph Schultz, Seymour-st.

Five candidates received their informal initiation at a meeting of troop 8, Boys' Scouts of the Congregational church, Tuesday evening. The formal initiation will take place next Tuesday evening. The troop now has a membership of 25.

ST. PAUL Y. P. S. TO HOLD BENEFIT SOCIAL

A box social will be held at 8 o'clock Wednesday evening by the Young Peoples society of St. Paul Lutheran church for the benefit of the young men's basketball team. The social will occur in the school hall and the program of amusements will be furnished by members of the team. The boxes of lunch will be auctioned following the social hour. The society is planning a Thanksgiving dinner for Wednesday, Nov. 25.

William N. Riley of Escanaba, Mich., is spending a few days as the guest of Mr. and Mrs. Matt Schmidt.

CHURCH SOCIETIES

The Ladies' Missionary society of the First Baptist church entertained at a tea at the home of Mrs. W. B. Sherman, 777 Harris-st., Tuesday afternoon. The rooms were decorated to suggest the orient. Miss Pearl M. Hewitt, who was a missionary in Honolulu, talked of her work and Miss Lucille Morris played a violin solo, accompanied by Mrs. A. R. Eads. Tea was served by Mrs. Eads and Mrs. John Diderich, who were dressed in Japanese costumes.

Epworth league of German Methodist Episcopal church will have a special business meeting at 7:30 Thursday evening in the church parlors. A program has been planned to follow the business session.

Intermediate department of Congregational church will be entertained at a supper at 5:30 Friday evening in the church parlors. The supper is to be followed by a social. Mr. and Mrs. Stanley Lowe are in charge of the program.

Noted Painter Talks To Art Club Monday

Merton Grenhagen, Wisconsin's foremost portrait painter, will be the speaker at the meeting of the Art department of Appleton Women's club at 8 o'clock Monday afternoon. Mr. Grenhagen has been honored, as a painter at home and abroad. The artist will talk on "The Manifestations of the Art Impulse during the Four Epochs that Characterize Modern Civilization." Several of Mr. Grenhagen's canvases will be shown. Mrs. Allan Thuerer and Mrs. Robert Mitchell will be hostesses at the tea which will follow the lecture. Mrs. Mark Caslin, who is chairman of the department, is anxious that many women outside the department attend the lecture. This is the first of the series of meetings which the new department is arranging.

WHAT IS GOING ON TODAY?

7:30—Appleton Dental Study Club—Dr. L. H. Moore's Office—Meeting.
7:30—Fifth Ward School—Auditorium—Program on American Education Week.
St. Paul Lutheran Young Peoples society, 920, school hall, box social.
Fred Ossman of Lake Geneva, was in Appleton on business Tuesday.

High Officer Of Fraternity Is Guest Here

Dr. Oscar M. Vorhees of New York city, general secretary of Phi Beta Kappa, national honorary scholastic fraternity was the guest of the Lawrence chapter on Tuesday. An informal meeting of members of the fraternity was held in Main hall at which Dr. Vorhees told of the plans for the one-hundredth-fiftieth anniversary of the organization. The celebration includes the raising of an endowment fund for a memorial building at Williams and Mary college in Virginia. This endowment is for the purpose of furthering higher education.

WEDDINGS

Miss Verona Friebe, daughter of Mr. and Mrs. John Friebe, Cherry-st., and Earl W. Parker, son of Mr. and Mrs. J. L. Parker of Black Creek, were married at 3 o'clock Wednesday afternoon in St. Olive Lutheran church by the Rev. R. E. Ziesemer. Miss Alice Parker and Leland Parker attended the couple.

Miss Clara Last, daughter of Mr. and Mrs. Gust Last, 5 Newberry-st., and Joseph N. Schaefer, son of Mr. and Mrs. Henry Schaefer of Appleton, were married at 3 o'clock Wednesday morning in St. Joseph church. The Rev. Basil Gummermann performed the ceremony. Miss Josephine Vandervach and Joseph Retter attended the couple.

James Foxgrover of Detroit, is spending the weekend with Appleton friends.

HAPPIER, HEALTHIER WOMEN

by thousands are known to exist in this country because they have been relieved from pain and suffering by taking Lydia E. Pinkham's Vegetable Compound. Science in surgery and electricity have advanced greatly during the past fifty years, but treatment of disease by old-fashioned root and herb medicines have never been improved upon. The leader of them all is Lydia E. Pinkham's Vegetable Compound which after fifty years of success is today recognized as the standard remedy for female ills and sold everywhere for that purpose. Replies to a questionnaire recently sent out to 50,000 women by the Lydia E. Pinkham Medicine Co. of Lynn, Mass. proved that it benefits 98 out of every 100 women who try it. Isn't this a marvelous record for any medicine to hold?

CARD PARTIES

Ladies auxiliary of Catholic Order of Foresters will give their weekly open card party at 2:45 Thursday afternoon in Forester home. Prizes will be awarded at bridge and schafkopf.

LAND O' LAKES MAN HERE TO ARRANGE FOR MEETING

R. J. Koch of Rhinelander, field secretary for Wisconsin, The Land o' Lakes, Inc., spent Wednesday in Appleton conferring with the chamber of commerce and hotel owners and other business men concerning the association's plans to advertise the tourist advantages of Wisconsin. A meeting of merchants, manufacturers, hotel owners, garage men and others is planned for the near future at which the publicity campaign will be outlined and arrangements made for Appleton to help support the enterprise.

MARRIAGE LICENSES

Application for marriage licenses has been made in the county clerk's office as follows: Walter H. Pingel, Route 5, Appleton, and Thuselda Rainke, Route 4, Appleton; Herbert Kirschenloer, Appleton, and Erna Zisch, Appleton; George Duha, Black Creek, and Dorothy Birmingham, Black Creek.

INSTALL WATERMAIN ON LAWE-ST BRIDGE

The waterworks crew engaged in installing a 6-inch watermain underneath the road way of the new Lawe-st bridge expect to complete its work within the next two or three days. The work could not be commenced until the roadway was practically completed and the task is one of the most difficult ever attempted by water department employees. The main is being laid in a wooden box suspended from the structure and is packed in shavings to prevent it from freezing.

The pipe is inserted in the box from one end in sections after the joints are made waterproof and mechanical power is used in putting it in place.

DISMANTLE WOODENWARE MILL AT LADYSMITH

Ladysmith, Wis.—The stave plant of the Menasha Woodensware company, which was established in Ladysmith, Wis., in 1893, has completed its season's run and it is stated by officials of the company that operations will not be resumed. The plant will be dismantled and a part of the machinery shipped to Tacoma, Wash. adv.

Cuticura Soap
Clears the Skin
and Keeps it Clear

Soap, Ointment, Talcum, etc. everywhere. Samples free of Cuticura Laboratories, Dept. 2, Malden, Mass.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream. adv.

Pretty Hands from Dishpans!

Pure Soap—This New Way is the Reason, as Thousands Now Know

Those lovely, dainty hands. Are you spoiling them?
Here is a new idea in a household soap. It will help you to keep them pretty.
As world's experts in beauty, we made it for the woman who does her own work. A soap for cleaning, scrubbing, washing, that is kind to the skin.

Why Women Had Ugly Hands
3 housewives in 4 used to have ugly, red hands.
Now you see fewer and fewer every day. "Housewives' hands" soon will be a rarity.
Old-time household soaps contained 25% to 40% water-glass—a skin wrecker. Of 28 popular brands recently tested, 27 were adulterated.
That was the cause.

Now With Olive Oil!
But now comes a more gentle way.
The name is Green Arrow—all pure soap, no adulterant.

Olive oil is a principal ingredient. It is as fine as a quality toilet soap. Yet it cleans more quickly and safely than the strongest laundry soap.
Wash, scrub, house clean—you have pretty hands! It will do this for you.

For One Week
Obtain a bar of Green Arrow at your grocer's.
Then look at your hands in one week.
What you see will be a revelation.
And it costs but a few cents each month to enjoy this new delight. It goes almost twice as far as low grade soap—and you must figure soap cost by the month, not by the cake.

Green Arrow Soap comes in two forms—cake soap, for general household use—chips (or flakes) for laundry and fine fabrics. Both offer you unusual advantages.

Your Hands Tell the Story
Rough, ugly hands tell a story to the world. A story of the kitchen, the laundry, the scrub bucket.
Most women do housework. But few want to tell it to every chance acquaintance.
Most laundry soaps contain 25 to 40% water glass. This adulterant, technically known as silicate of soda, is invariably accompanied by an excess of caustic. It is this "killer"—not soap—that ruins hands. Green Arrow is made with the precision of a toilet soap and is pure soap.
Now you can have white and lovely hands regardless of how much kitchen work you do.
For your hands and your clothes sake, go to your grocer and insist on buying GREEN ARROW.

Day's News of Wisconsin and Outagamie County

EVERETT TO REPORT ON INDIAN CLAIMS

Progress On Investigation Of New York Case Will Be Told Thursday

Special to Post-Crescent
Onida—E. A. Everett, former chairman of the Indian commission of New York, who investigated the legal status of the Indian and who started the Six Nations on a legal warpath to recover six million acres of land in New York will be here on Thursday at 10 o'clock at the Epworth hall to tell the Outagamie Indians of his progress in investigating the land claim.

A surprise party was given at the home of John Vandenberg Monday evening. Those present were: Mr. and Mrs. George Vandenberg, Seymour; Mr. and Mrs. Henry Neuhoff, Kaukauna; Mr. and Mrs. Anton Newhouse, Mr. and Mrs. Ray Conihans, Mr. and Mrs. Peter Weyenberg, Mr. and Mrs. Nick Romensko, Mr. and Mrs. Martin School, Mr. and Mrs. Henry Oudehoven, Mr. and Mrs. J. W. Cornelius and Miss Alberta and Rose Cornelius. The time was spent in dancing and singing.

Barney Diny has again returned to his farm after having trouble in court with the renter.

The passion play given at Elm hall Monday night was well attended. The Bricklayers have finished the work of the new Catholic school and the women are now starting on the roof.

A large number of men left for the woods on Monday to do logging this winter.

The Rev. A. A. Vissers has his residence reshingled and has given it a new coat of paint.

County Deaths

PEW FUNERAL
Special to Post-Crescent
Stephensville—Funeral services were held at 9 o'clock Saturday morning at St. Patrick church for Patrick H. Pew, Outagamie county's oldest remaining pioneer. Among the out-of-town people attending were: Dr. and Mrs. G. L. Ross, Kenosha; Dr. Canavan, Winnebago; L. H. Hassing, St. Paul; John Carew, Mr. and Mrs. Edward Carew, Margaret, Daniel and Mrs. Hugh Carew and Mrs. Concor. Manawa; Mrs. E. Morgan, Northport; Mrs. G. M. Clark, Appleton; Richard Miller and John Breitrick, Appleton; Mrs. Adams, Miss Alice Adams and Mr. and Mrs. Peter VanDyke, Kaukauna; Mr. and Mrs. Patrick Cummings and Mrs. Schulz, New London; Mrs. Margaret Newton, Appleton.

MRS. ANGELINE STEWARD
Seymour—Mrs. Angeline Steward, 77, died Tuesday afternoon at the home of her son-in-law and daughter, Mr. and Mrs. Edward Barry.

Funeral services will be held at 1:30 Friday afternoon at the Barry residence and at 2 o'clock at the Methodist church. The Rev. G. W. Lester will be in charge. Burial will be made at Seymour.

Mrs. Steward was the daughter of the late Mr. and Mrs. Henry Heagle. She was born March 1, 1845 at Rodling, West Canada. She was married to Samuel Steward at Rodling, Oct. 7, 1863 and the couple came to Seymour the following year. Mrs. Steward lived at or near Seymour since that time. Mr. Steward died Sept. 15, 1919.

Two children preceded Mrs. Steward in death, Edith, 9, on Dec. 15, 1875, and Gilbert Jan. 28, 1891. Two others still living are Mrs. Edward Barry, Seymour and Prof. S. E. Steward, Green Bay. There are 12 grandchildren and 9 great grandchildren.

Among the brothers and sisters surviving are: Albert Heagle, Mrs. David Sherman and Mrs. John Heagle, all of Seymour; Leonard Heagle, Shawano; John Heagle, Thorp.

The decedent had been a member of Seymour Methodist church for 45 years. She suffered a stroke Dec. 28, 1922 and this had affected her health since that time. She visited her son at Green Bay a week ago however, and extended church at Seymour.

GREENVILLE HUNTERS GET ONE DEER IN NORTH
Special to Post-Crescent
Greenville—One deer was obtained by a group of Greenville hunters who returned home Sunday from northern Wisconsin. They were Joseph and Rollie Leppla, R. J. and Emil Tellock and Mr. Ponzer. The deer was shot by Emil Tellock.

A number of Oshkosh people were entertained Sunday at the home of Mr. and Mrs. Edwin Tellock. They were Mr. and Mrs. A. W. Becker, William Moody, Fred Smith, Dr. and Mrs. Frank Werner, Miss Sadie Finckler, Albert Tellock and Mrs. Dunham.

Ladies Aid Society 15 Years Old
Special to Post-Crescent
Stephensville—Special services will take place at the Lutheran church at Stephensville at 7:45 Sunday evening in celebration of the fifteenth anniversary of the founding of the Ladies Aid society.

The Rev. G. E. Boettcher of Horton, Appleton, and the Rev. K. E. Zassner of Appleton, will be the speakers. Special music will be provided, including numbers by the choir and selections by a trio consisting of the Misses Lydia and Eleanor Redlin and Erna Gehm.

The Rev. Emil Redlin is pastor of the church.

KINDERGARTEN IN PARK SCHOOL WELL EQUIPED FOR WORK

New High School Has Relieved Congestion in North Side School

Special to Post-Crescent
Kaukauna—The opening of the new junior-senior high school has greatly alleviated the crowded conditions in the public schools and in addition has furnished the opportunity to provide property for the smaller school children. Especially well equipped are the kindergarten rooms in Park school. In their new quarters and pleasant surroundings approximately 75 small children spend the morning or afternoon in educational play under the supervision of Miss Helen Johnson.

Since the removal of the high school from the building, various changes have been made in class rooms. Most of the upper grades have been transferred to the second floor. The former sixth grade room and high school history room on the first floor have been rebuilt into one large room and is in this room that the little tots are taught.

The kindergarten is decorated and bordered with pictures pleasing to children. The equipment includes a "teeter," "chute the chutes," spacious sand table, a large doll house, grackles, tables and chairs and an especially large set of building blocks.

A regular daily schedule is maintained. Twenty-two of the seventy-four children come to school for two hours in the morning while the rest are under the supervision of the teacher for one and one-half hours in the afternoon. The building formerly occupied by the kindergarten is deserted.

START CHAIN STORE
Kaukauna—The Atlantic and Pacific Tea Co., operating a chain of more than 9,000 retail grocery stores in the United States, will open a store on Wisconsin avenue in a section of the building occupied by the Woods hardware store. Edward W. Wochenske has been transferred from the Eau Claire store to manage the local business.

KAUKAUNA PERSONALS
Kaukauna—Mrs. Peter Christopher and daughter Caroline of Beloit, are spending the week at the home of Gordon Rupert.

Mr. and Mrs. William Kreuser and family of Green Bay, visited at the home of Mr. and Mrs. Jacob Lang Sunday.

Harold Dertus and Alfred Bistau were business visitors in Appleton Tuesday.

Engene Hohmann, Robert McCarty, Alfred Hiltz and Ruben Goese returned Monday from Milwaukee where they spent the weekend.

Mrs. Eliza Greve of Waupaca, is spending the latter part of the week with relatives in Appleton.

Mr. and Mrs. Fred Hadler of Marshfield, spent the weekend as guests at the home of Mr. and Mrs. William Dilling, Sr.

C. K. W. TO PRESENT 3-ACT DRAMA NOV. 29
Darby—The local branch of the Catholic Knights of Wisconsin will stage a three act drama named "The Little Clochepper" at Graff hall on Thanksgiving, Nov. 29 at 8 o'clock in the evening.

Kons Brothers have finished drilling wells at the Julius Semrow farm in the town of Freedom and at the George Wendt farm, town of Grand Chute and are now finishing like work for Joseph Mauthe at Kimberly and William Feavel at Appleton.

Richard Jader of Fremont, and Mr. and Mrs. George E. Mader of Appleton, spent Sunday visiting their father who is ill at her home here.

George Sprangers and Raymond Hoffensperger returned from a two weeks' auto tour to Detroit and Chicago, on Monday.

William Greiner has accepted a position at the Menasha pulley works. A box social will be held at the Barnes school on Thursday, Nov. 22.

John Johann and Mrs. Margaret Wittmann have purchased automobiles.

Mr. and Mrs. Fred Brockmann were surprised at their home Monday evening in honor of Mrs. Brockmann's forty-eighth birthday anniversary. The guests were Mr. and Mrs. B. K. Kasse and sons Donald and Bernard of Appleton, Mr. and Mrs. John Johann and daughter Jeanette, Mr. and Mrs. Dorothea and daughter Margie, Mr. and Mrs. Henry Tarkenton, Mr. and Mrs. Joseph Lunk and family, Mr. and Mrs. Frank Fischer and daughters Mary and Margaret, Mr. and Mrs. William Barker and son William. Games were played.

DE PERE JEWELRY STORE RAIDED BY BURGLARS
DePere, Wis.—Five diamond rings, valued at \$50, were the lot of burglars who early in Tuesday smashed a display window at George Vanderzanden's jewelry store here. A local "No Parking" sign was used to break the window. The burglars made a successful escape, leaving no clues.

Surprise Given Mr. & Mrs. Jack On Anniversary

Special to Post-Crescent
Hortonville—Mr. and Mrs. Harry Jack were surprised pleasantly Saturday evening at their home in honor of their thirteenth wedding anniversary. Music and cards furnished entertainment for the evening. The guests were: Mr. and Mrs. H. Schaefer, St. Joseph; Mr. and Mrs. Joseph Wieser, J. Boeberger, Kaukauna; Mr. and Mrs. B. Schmit and children, Neenah; John McCarthy and two children, Grand Chute; Mr. and Mrs. E. Smith, Mr. and Mrs. E. Killoren, Mr. and Mrs. J. Roemer and two daughters, Appleton; Mr. and Mrs. William Hofer, Mr. and Mrs. William Krause, Mr. and Mrs. Roland Jack, Mrs. Ed. Jack, Mr. and Mrs. Milo Jack and son, Mr. and Mrs. Elmer Miller and daughter, Mr. and Mrs. F. Winkenwerder.

A meeting of Kaukauna ladies, No. 235, F and A. M. will be held Wednesday evening in Masonic hall. The meeting will be preceded by a rabbit supper at 6:30. Rabbits will be furnished by hunters from the lodge. The M. M. degree will be exemplified.

Ladies of Holy Cross church will host another of a series of card parties in Holy Cross church basement Wednesday. Prizes will be awarded. The party will be open to the public.

ELECTRIC CITY QUINT WINS FIRST PIN GAMES
Kaukauna—The Electric City bowling team opened the Kaukauna end of the Fox River Valley bowling league by defeating the Royals in three straight games on Sunday afternoon. Monday evening the game was postponed because of the football game. In winning from the Royals, the Electric City team rolled up a score of 2,711, only two pins behind the K. C. Blue Moons of Appleton, the only other team in the league which hit the 2,000 mark.

The league is composed of teams from Neenah, Menasha, Appleton, Kimberly and Kaukauna. Games will be played every Sunday afternoon. Following are Monday's scores:

Electric City	2,711	Lost 0
Neenah	173	177
A. Smith	151	171
W. Johnson	151	171
F. Hilgenberg	151	171
A. Peterson	151	171
H. Minkbeige	151	171
Totals	\$85	\$95
Royals	151	171
Totals	740	\$25

WEDDINGS AMONG COUNTY'S PEOPLE
DIETRICH-WOLFF
By Associated Press
Black Creek—Miss Lillian Dietrich, daughter of Mr. and Mrs. Albert Dietrich, and Arthur Wolff, son of Mr. and Mrs. Charles Wolff, were married at the parsonage of St. John church at 1:30 Wednesday afternoon. The Rev. P. Beecken read the service. The couple was attended by Miss Al. Endlich and Reynold Wolff, the latter a brother of the bridegroom. A reception was held for the immediate families at the home of the bride's parents, following the ceremony.

The couple will make their home on a farm two miles west of the village, which the bridegroom recently purchased.

WELCH-GRIESE
The marriage of Miss Bessie Welch and Raymond Griese occurred quietly at 1 o'clock Wednesday afternoon at the Lutheran parsonage at Shiocton. The Rev. E. C. Stenz performed the ceremony.

The bride's attendants were Miss Clara Welch, her sister, and Miss Delta Griese, a sister of the bridegroom. John Jenkie and Jesse Welch, brother of the bride, were the bridegroom's attendants.

A reception was held at the home of the bride's parents for immediate relatives. Mr. and Mrs. Griese will make their home in the Smith residence at Elmhurst. The bridegroom will be employed by his father who operates a cheese factory at that place.

The bride is a daughter of Mr. and Mrs. Frank Welch and the bridegroom a son of Mr. and Mrs. B. Griese.

STOMACH UPSET?
Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking laxatives or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for laxatives.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

Mrs. O. B. Schulz of Minneapolis, is visiting at the home of Capt. and Mrs. P. O. Smith.

Propose Fund to Build Courthouse at Racine
Racine—Creation of a building fund for a new courthouse, to be erected on the site of the present building is favored by several members of the county board, and the matter will be discussed during the present session. It is proposed to set aside a certain amount each year, and in the course of five years to have plans prepared for a modern office building, and then advertise for bids for the construction. Whatever amount is needed over the amount in the fund would be raised by the issue and sale of bonds.

LEGION MEMBER CAMPAIGN OPENS TUESDAY, NOV. 27

Executive Committee Decides To Invite Business Men To Next Meeting

Tuesday of next week is the date set by the executive committee at a meeting at Conway hotel Tuesday evening for the annual membership drive of the American Legion. The committee also made plans for the December meeting, which will have one of the strongest programs of the year including addresses by high legion officials.

Five teams of ten or more members each will be organized by J. N. Fisher, chairman of the membership drive, according to the plans, and will make a solicitation of all former service men in Appleton. The goal will be at least \$60. The committee is informed that 1,336 men left Appleton for war service and an effort will be made to see all who still live here.

Businessmen of the city are to be guests at the next meeting of the post on Monday, Dec. 3, the committee decided. The speakers will include E. Ryan Duffy of Fond du Lac, former state commander and now national vice commander of the legion; Vilas Whaley of Racine, state legion head; Dr. J. E. Barrett of Sheboygan, former state commander; and J. H. Mc Gillan of Green Bay, former ninth district executive committee member. An effort will be made to secure a full attendance of members, especially the new ones who will be enrolled.

Joseph Marston has been appointed chairman of the publicity committee for the membership campaign. An employment officer also has been appointed to help obtain jobs for unemployed war veterans. He is Joseph Schulz of Cameron & Schulz.

PROBE DEATHS OF 3 MILWAUKEE MEN

Officials Attempt To Fix Responsibility For Cavein Of Sewer

By Associated Press
Milwaukee—Responsibility, if any, for the collapse of a sewer which claimed the lives of three workmen Tuesday remains to be determined at the coroner's inquest set for Nov. 23. Representatives of the city sewerage commission under whose direction the work on the sewer system is carried out, and officers of the contracting firm, will be called to testify.

As plans for the inquest were arranged, relatives of the three men suffocated are preparing for the burial of the men. Doctors reported that none of the men died instantly and must have suffered terribly in their fight for life.

FIRST CHICAGO SCHOOL HAD 543 IN 1 BUILDING

By Associated Press
Chicago—The first Chicago school had 543 pupils in a single building, according to Charles M. Modarwell, president of the Chicago board of education, who outlined in an address the growth of the schools to the present 237 buildings, 11813 teachers and 451,724 students. He urged parents to visit the schools and learn of the methods employed in teaching.

Boys Republic At Y Outlines Work For Year

At the meeting of the boys department council at the Y. M. C. A. Tuesday evening, Mayor Carl Engler outlined activities which the boys department, which elected him its annual officer, will carry out in the department this year. He begged all aldermen and clubs they represented, regardless of party affiliation, to cooperate with him in attempting to secure the added equipment which seemed now to be absolutely necessary to make the work what it should be.

He referred to a radio set, a motion picture machine and a department newspaper. In reply to a letter sent out to the membership he said many boys signed their interest in the radio and motion pictures, but that it was impossible to serve these interests on account of not having the apparatus.

The boys occupied their new club rooms for the first time and that they are appreciated is shown by the following instrument:

"We, the undersigned members of the boys department council, in regular session Nov. 20, wish to show our

None of a Million Losers Were Our Investors

Investment bankers report a million American men and women each year lose \$700,000,000 in bad investments. Folks ought not to gamble with their savings, but it seems a vast number of them will do it.

Milwaukee Electric Railway & Light Company 7% cumulative preferred shares, now being sold with the State's approval, to finance growth of the business, won't interest those who wish to gamble. These shares are being bought by thousands of men and women who are content to get a reasonable business income and to get it regularly, from a permanent, prosperous, steadily growing, State regulated basic industry.

During its twenty-seven years in business, Milwaukee Electric has paid every obligation in full, with interest in full, on the due date. It has paid cash dividends on its preferred shares every three months for the last twenty-three years. It has paid cash dividends averaging 8% a year on its common shares, every year for the last twenty years. Nobody that has ever bought the Company's bonds or notes, and held them to maturity, has ever lost a penny on them, either principal or interest. Nobody that has bought its preferred shares has ever failed, since the first preferred shares were sold twenty-three years ago, to get regular cash dividends on them at the rates called for on the stock certificates.

Dividends on the 7% cumulative preferred shares now being sold direct to investors through the offices of Milwaukee Electric and its associated Companies in Wisconsin, are paid by checks mailed to shareholders on December 1, March 1, June 1 and September 1, every year. These preferred dividends must be paid, in full, every year before the common shareholders, who operate the business, can get any dividend on their shares. Shares now on sale cost \$100 each, payable all cash or \$5 down and \$5 a month per share. Either way, buyers get 7% on every dollar invested, from the start.

A good many Wisconsin men and women who used to lose money in speculations are now gradually acquiring substantial holdings in this big business, and making sure of regular cash income from their investments.

We will be glad to have you come in and talk it over with us, or to send a salesman to call on you, or to mail you a Circular with full details. Mail orders filled by registered letter.

SECOND ATTEMPT AT SUICIDE MAY SUCCEED

By Associated Press
Chicago—Frank Halligan, 58, who several days ago though he was dead when he ducked a bullet fired at himself and was slightly injured, early Wednesday jumped from his third story bedroom window and was fatally injured, according to the police.

Thanks and appreciation to the board of directors of the Appleton Y. M. C. A. and to the citizens of Appleton who by their generous contributions made our new club rooms possible.

"We took formal possession tonight and are delighted with this added room in which to carry on our growth work. Signed: Mayor Carl Engler, clerk, Harold Eads, aldermen, Harold Perron, Willard Farron, Roger Harriman, Darrel Hutchinson, Ralph Sell, Clarence Christian, Francis Rooney, Robert Eads, Karl Packard, Reynolds Chafflower, Harold Finger, Reinhardt Bohnsack."

BONUS SCHEME NEEDS PAYMENT OF FRENCH DEBT

Situation Calls For Understanding With Europe On Borrowed Money

(Continued from Page 1)

equivalent to the sums that are due annually from the European allies for their war debt.

In the collection of money from France, the United States faces a difficult situation, for the French are inclined to consider the debt to America as a "political debt" and they have not even made provision in any of their annual budgets since 1913 for the payment of the interest due to the United States.

FRANCE CAN'T PAY

Thus far the claim of the French has been that they could not begin to pay America until money was forthcoming from Germany and they have tried to persuade the United States to agree to a reduction in the debt due America or at least a postponement until money begins to come in from Germany on reparations.

With this viewpoint there has been no official sympathy here but it has been realized nevertheless that the German reparations question makes difficult the funding of the French debt. What has aggravated the situation lately however is that the French government has begun to lend money to some of the smaller countries in central Europe to equip their armies and make them fast and firm allies of the French. The amounts sent to central Europe and the interest charges now being defaulted annually by France on her debt to the United States.

LEGION WANTS BONUS

The American Legion which has gone on record at its convention as approving the French occupation of the Ruhr is regarded highly in France. The American Legion is actively working for a bonus for its members to be paid by the American government. If the American Legion could be persuaded to use its influence with the French government to help get the interest on the French debt to America paid, leaders in congress would be in a position at once to favor both a bonus and the proposed Mellon plan for tax reduction.

Mr. Mellon has estimated that a bonus would in the long run cost about five billion dollars and the American Legion has insisted that the annual outlay would be only about \$200,000,000. This is approximately the interest on the allied debt irrespective of Great Britain's payments. The British are paying into the American treasury interest of about \$125,000,000 a year. If similar like this could be obtained from France and Italy, who together owe the United States about five billions of dollars, the bonus problem could easily be solved either by a bond issue or by actual provision in the annual budget here.

Senator Smoot, chairman of the senate committee, is a member of the World War debt funding commission. He is pressing for some action that will remind the allies of their obligations. He realizes no doubt that at the coming session of congress and also in next campaign, he will be asked as will be the Republican party which alone is represented on the commission, just what progress has been made toward the collection of war debts.

Didn't Tell Sheriff Of P.O. Robbery

If county authorities had been not told immediately after it was known that robberies had been committed in Medina Tuesday morning, the robber would have been captured, is the belief of Sheriff Otto H. Zuehlke.

Sheriff Zuehlke conducted an investigation in the village Tuesday afternoon and hit upon several valuable clues that may yet lead to the discovery of the burglars. Walter Scherck, deputy sheriff, has been delegated to work on the case.

There still is a possibility of identifying the burglars. Sheriff Zuehlke said, but the chances would have been greatly increased had the authorities been notified promptly. When the officers arrived, the tracks of the automobile used had been considerably obscured by those of numerous vehicles. The burglars' automobile had one new tire on the rear end, which means traveling would not have been very difficult.

PROBE COMMITTEE SHAPES VET CASE

Senate Quiz Of Veterans Bureau Brings Out Vast Amount Of Evidence

By Associated Press

Washington, D. C.—With the public hearings virtually ended, counsel for the senate veterans committee began Wednesday the task of shaping up for the consideration of the committee the vast volume of information gathered in the investigation of the activities of the Veterans Bureau.

Put under way last March, the inquiry was conducted simultaneously in practically every state in the Union and culminated in public charges of corruption, waste, debauchery and intrigue.

With the closing of the public sessions, John F. O'Ryan, of New York City, general counsel, told the committee Tuesday night that what has been presented publicly "constituted but a fragment of what has been developed both in relation to the neglect of the disabled and corruption and waste in the bureau."

In its investigation, the committee has been assisted by a volunteer field organization of more than 1,000 persons.

SHIP HAMPERED BY WHALE ON BOW

By Associated Press

San Francisco — When officers of the navy transport Argonne found difficulty in keeping up speed off the coast of Lower California they started an investigation. At daybreak they discovered they were carrying a whale on the bow of the vessel and it was necessary to back the ship to get rid of the creature. This was the story told by Lieutenant Commander L. W. Johnson, surgeon of the transport, when it arrived at Fort Mason Tuesday from New York. The ship evidently had rammed the whale and broken his back.

Senator Smoot, chairman of the senate committee, is a member of the World War debt funding commission. He is pressing for some action that will remind the allies of their obligations. He realizes no doubt that at the coming session of congress and also in next campaign, he will be asked as will be the Republican party which alone is represented on the commission, just what progress has been made toward the collection of war debts.

NATIONAL C. OF C. MEETS IN JANUARY

Chicago—The first annual regional conference of the United States Chamber of Commerce is to be held here Jan. 21, and 22, 1924, with transportation and immigration the principal subjects to be discussed.

Invitation to attend the meetings have been extended to leading business men, bankers and public utility officials of Illinois, Wisconsin, Michigan, Ohio, Indiana, Minnesota, North Dakota, Iowa, South Dakota and Nebraska. The chambers of commerce in these states will be asked to send their officers and boards of directors.

NATIONAL GRANGE FIGHTS IDIOCY IN UNITED STATES

By Associated Press

Pittsburg—The national grange is in annual convention here Wednesday to conduct an investigation into the growing menace "of feeble-mindedness and idiocy in the United States, with a view to recommending federal and state legislation as remedy." The resolution for such an inquiry was introduced by Jesse Newsome, master of the Indiana grange. A resolution suggesting changes in membership limitations was voted down.

BRILLION ROTARY CLUB GETS CHARTER TONIGHT

A dozen or more members of the Rotary club are planning to go to Berlin Wednesday evening to witness the presentation of a charter to the club. The new club was fostered by the Appleton organization. Rotarians will be present from Appleton, Oshkosh, Fond du Lac and Beaver Dam.

BIRTHS

A son was born Tuesday at St. Elizabeth hospital to Mr. and Mrs. Edward Hesse.

ENTERS CONGRESS

John M. Rosa, a member of the Pennsylvania delegation in the 65th Congress, steps into the shoes of Representative John M. Rosa.

24 BLIND APPEAL TO COUNTY BOARD FOR PENSION MONEY

Chairman Names Committee To Study Requests—Under-sheriff Wants Raise

Twenty-four applications for blind pensions were submitted to the county board at the Wednesday morning meeting. The board under the modified statutes will be required to act upon each application following recommendations by a committee.

Inasmuch as the county has no blind pensions committee, Chairman George F. Fiedler appointed the members of the poor committee together with Dr. F. P. Dolan, county physician, and John A. Lonsdorf, district attorney, to constitute the committee. The members of the poor committee are David Hodgins, Hortonville; Frank R. Appleton, Oneida; and Charles Wendt, Kaukauna. This committee has been appointed to examine the claims.

Dependent blind persons are eligible to draw pensions up to a maximum of \$480 a year and, if both blind and deaf, up to \$720 a year. The charges must have been residents of the county at least one year and of the state for at least two years.

WANT RAISE IN PAY

A resolution introduced by P. H. Ryan asked for appointment of a committee of three to investigate the need of an increase in salary for the under-sheriff. That office now draws \$1,000 a year, of \$33.33 a month. This salary, which is equivalent to about \$3.40 a day, was considered less than even a day laborer's wages. The compensation is insufficient for a palmetto officer, according to the resolution. According to the parliamentary rules of the board, the resolution was laid over one day.

A request from the Wisconsin Anti-Tuberculosis association for an appropriation of upwards of \$150 for chest clinics in small communities of the county was "tabled."

QUESTIONS REPORT

Supervisor John Tracy questioned the accuracy of the report of the United States engineering office at Milwaukee in which it was declared that inasmuch as the county had been given a permit to build a bridge at Little Chute, the county that will have to raise that bridge 15 inches to conform to an elevation of the upper or guard locks there. Mr. Tracy believed that the village of Little Chute built the bridge and that this village is responsible. Supervisor Anton Jansen of Little Chute upheld the engineer's report. The communication was referred to the county-state road and bridge committee.

A petition for addition of seven miles of road in the town of Hortonville and Liberty to the county patrol road system, signed by Supervisors Chas. Schmitz, Hortonville, David Hodgins, Hortonville, and John Sawall, Liberty, was referred to the county-state road and bridge committee.

The annual financial reports of John John Bottensek, county court, and Judge A. M. Spencer, municipal court, were referred to the finance committee. Petitions for rebates on illegal taxes, mostly on land in Oneida, were referred to the illegal tax committee.

WELCOME

George Harvey, who has resigned as ambassador to the Court of St. James, has arrived in New York. This photo was snapped on ship-board.

FISK COMES HERE TO TELL MERCHANTS ABOUT ADVERTISING

Second Meetings Of Business Institute Will Be Held Monday

James W. Fisk, merchandising counsel of the Milwaukee Journal, who is conducting a business institute in Appleton under auspices of the chamber of commerce and the Appleton Post-Crescent, will be in Appleton on Monday, Nov. 26, for the second of his series of meetings. "How Advertising Lessens Sales Resistance" will be the theme of his address at the meeting in the vocational school Monday evening. Mr. Fisk's lectures here two weeks ago were well attended.

Mr. Fisk is a firm believer in the efficacy of advertising. He has made a careful research in the benefits and costs of the printers' ink and has many novel ideas on the subject.

Mr. Fisk is in demand as a speaker on merchandising subjects. In the last few years he has appeared before commercial organizations, advertising clubs and merchants' organizations in all parts of the country.

The talk next Monday evening will not be confined entirely to newspaper and magazine advertising. Mr. Fisk also will discuss the use of display windows, circulars, billboards and other methods to attract attention of hold customers.

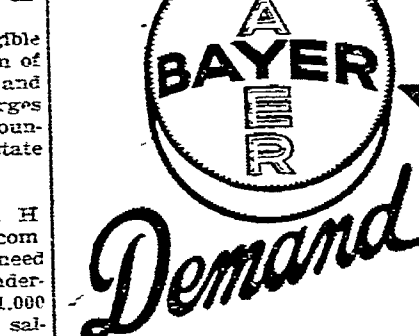

A luncheon will be held at noon, principally for the merchants. The evening meeting, while especially for salespeople is free to the public.

Dentists Meet Tonight

Appleton Dental Study club will meet at 7:30 Wednesday evening in Dr. L. H. Moore's office, 513 College ave. Officers will be elected and the program for the coming year planned.

ASPIRIN

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty three years and proved safe by millions for

ATTEMPTS TO SLAY WIFE AND HIMSELF

Duluth — After attempting to kill his wife Tuesday morning by stabbing her with a broken pair of shears, and

then cutting himself with an axe, Roy Anderson, 424 North Sixth ave., East, was overpowered by the police, summoned by neighbors who heard Mrs. Anderson's screams.

"I'm not going alone. I was shot at tonight," read the first note, addressed to "anybody." Pinned to this note was another which said "I don't know what I'm doing. I'm watched wherever I go." The note was unaddressed.

WINNEBAGO-CO BUYS TRACTOR FOR ROADS

Oshkosh—Winnebago-co. will make a special effort next winter to keep its main concrete highways free from

snow, so that auto traffic may be uninterrupted.

At the session of the county board the sum of \$7,000 was appropriated for snow removal and the road and bridge committee was authorized to purchase a ten ton tractor to cost not more than \$7,500. This will be used to buck snow and also be put in service in the summer in roadbuilding.

Wake Up Your Business!

How's business? "By going after it," said a manufacturer recently. But that isn't sufficient! Every business person must have a thorough knowledge of the principles of merchandising and advertising before he can hope to achieve and stay in the position of a successful merchant.

In the interests of better business for Appleton and in the movement for a bigger and brighter business state, James W. Fisk, Merchandising Counsel of The Milwaukee Journal, will speak to Appleton business and salespeople.

James W. Fisk Blazes the Way!

Hear this dynamic speaker, a veritable fountain of enthusiasm and masterly knowledge!

All business and salespeople are cordially invited to the second of a series of lectures next Monday at the Conway Hotel. NO CHARGE. He will talk on "How Advertising Lessens Sales Resistance" covering in part—the power of advertising, how it creates demand, what salespeople may do to co-operate effectively, window displays, etc. A practical and forceful presentation.

Lecture On "How Advertising Lessens Sales Resistance" Monday Evening, Nov. 26th

Noonday luncheon lecture to business executives at the Conway, 12:15. Subject: "Planning an Aggressive Sales Campaign," covering, how to plan ahead, sales stunts, and securing of business control.

Secure tickets and reservations through Appleton Post-Crescent. FREE evening talk: fee for luncheon only.

DEAL OF ROTARY BIG TASK FOR MEN, GOV. PARKER SAYS

Disrtict Governor Addresses App-
leton Rotarians At Lun-
cheon Tuesday

"The ideal of Rotary is to render service to all mankind," said Willard Parker of Madison, district governor of the Tenth Rotary district, in an address on "The Gospel of Rotary" at the luncheon of Appleton Rotary club at Conway hotel Tuesday noon.

"If we stop a moment to think about that ideal," he said, "we must realize that we have taken on rather a large job, and yet up to date Rotary has not failed to fulfill its mission."

The speaker said he didn't know of a club in the Tenth district that he wanted to visit and get acquainted with more than the Appleton club for the reason he and its members have a common interest on the twenty-ninth day of April when the district Rotary conference will be held here.

NOT A STRANGER
"I didn't come here with the feeling I am a stranger. I think it was a year ago that I dropped in and had a pleasant time. So I feel I am not a stranger and hope you will not consider me as one."

"I want to talk to you a little about Rotary. I confess it is an old subject, about 18 years old, and it is possible you think you know all about it. The more I dig into it the less I know. May we not review a few things of the Rotary."

"This always strikes me as Rotarian. Ten years ago I could not have come to Appleton and meet you professional men in one group. Yet today we are grouped together. How did it happen?"

"Let us stop and analyze this question. The ideal of Rotary is to render service to all mankind, but what kind of service? Now, there are several kinds. There is the lip service, the fellow who thinks he is going to do this or the other and that is the last of it.

"Then there is the service that the ministers of the gospel tell a great many of us we devote too much time to, that is the time we give Satan.

"But the service of sacrifice. Serving the devil is the line of least resistance. Don't do it, that is not the service. But it is the service that costs you and me time and money and perhaps ambition.

CLUBS HAVE DRONES
"Every Rotary club has its drones, they are called upon for service and found wanting. But they are going out and their places are being filled by live men in the professions and business, who render a service of sacrifice, sacrifice above self."

"Now, let us discuss the elements of Rotary. First in classification, one man to each profession or business, what a big thing. You never heard of an organization before or since Rotary started that had such a narrow basis. Only one man allowed in the organization."

"The second element is compulsory attendance. Not since you were in school have you had roll call. Now, why should men have roll call? Well, fellows, I admit it is radical and it is going to be a thing of the past.

"Week after week you fellows meet together around this board. At first it is a little acquaintanceship, just a little. You meet this fellow this week and the other fellow next week. Then it goes on to fellowship. By and by, you stay a year or two, it ripens into friendship and, fellows, when it comes to friends you should all know its value."

"There are bankers here that handle money and money is a good thing. But is there anything of more value than friendship? A man may be rich but if he has no friends he is indeed poor."

NO COLOR LINE
"The third element is its broadness. Jew, Gentile, Protestant and Catholic are eligible to membership in the Rotary. You say color is drawn. No sir. If there is a Negro in good standing there is no reason why he could not be voted into Rotary club of Appleton."

"The fourth element is structural strength. You men feel there is something more to Rotary and its organization than just these luncheons. If you follow it up you will find the sun never sets on Rotary clubs. More than 1500 have been organized in 27 nations with a membership of more than 100,000 in less than 19 years. And never until a month ago, at Trenton, Ontario, has a charter been taken away."

"Now, men what are the results of Rotary? What are its achievements? Some say that Rotary cannot be described because it is a state of mind. I disagree in part. Rotary is a state of mind. As soon as you get a Rotary idea, and spirit it becomes a state of mind that is almost indescribable."

New and Improved Service From Fox River Territory to St. Paul and Minneapolis
via Chicago & North Western Line

Effective Sunday, November 18, 1923, the through sleeping car now leaving Appleton Junction 9:50 P. M. daily will leave Appleton 8:15 P. M. and operate via Green Bay, arriving St. Paul 8:20 A. M. instead of 9:55 A. M. and Minneapolis 9:00 A. M. instead of 10:30 A. M.

Southbound, will leave Minneapolis 6:20 P. M., St. Paul 7:00 P. M. as at present, arriving Appleton 7:47 A. M. Trains Nos 107 and 108 between Fond du Lac and Elmdale via New London will be discontinued.

For full particulars regarding this new service apply to Ticket Agent, Chicago & North Western Ry. adv.

C. OF C. RECEIVES REPORT ON MILWAUKEE RETAILING

Appleton Chamber of Commerce is in possession of a survey of the Milwaukee markets, consisting of eight volumes produced at a cost of \$20,000. The publications will serve as a reference for merchants or manufacturers, and are on file for those who desire to use them.

The books show what merchandise is sold in Milwaukee, the quantity and other data. They indicate which lines sell successfully and which do not.

Exhaustive analysis is made of Milwaukee's population and trading territory and its business houses. The volumes are compiled in these divisions: Recreation, sports and miscellaneous; wearing apparel, household appliances; cigars, cigarettes, tobacco; greater Milwaukee retailers; cosmetics and accessories; packaged grocery products; facts and figures.

FARMERS WORK ON ROADS DURING PLEASANT WEATHER

The pleasant fall weather has not only been conducive to farm ploughing and land clearing but also to road work. Roads have been kept dry enough to enable pathmasters to patch up bad stretches of roads for the winter. A strip of road in William Schroeder's district in the town of Ellington has been widened and given a top dressing of gravel. Graveling has also been done in John Schwabach's district on the School Section-nd, Grand Chute, and on side roads connecting with highway 47 in Edwin Miller's district, Grand Chute.

Gib Horst plays 12 Corners Thursday night.

STATE GETS SHARE OF LICENSE CHARGE

City Pays State \$175 As Its
Share Of Soft Drink Par-
lor License Fee

A check for \$175, representing 10 per cent of the state of Wisconsin's share of the license fees collected by Appleton from local soft drink parlors, has been transferred by Fred Bachman, city treasurer, to Solomon Levitan, state treasurer. It was the first transfer of soft drink license money that the city has made. The law requiring cities to pay 10 per cent of such license fees was enacted by the 1921 state legislature, but the tax has never been collected by the state. The \$175 is the tax due the state from July 1, 1922, to June 30, 1923.

Treasurer Levitan estimated that approximately \$45,000 is due the state in back taxes, in addition to taxes for the present year which are expected to bring the total to nearly \$100,000. Approximately \$10,000 has already been collected. The state will probably benefit \$25,000 annually from the tax. The last legislature reduced the license fees of soft drink parlors to a maximum of \$50 and a minimum of \$5. The maximum fee is required in Appleton.

TEACHERS' WORK SUFFERS IN CROWDED HIGH SCHOOL

The first glimpse of what the junior high school system will mean to the teachers in Appleton high school was given the teachers on Thursday last week when all of the freshmen were taken to the courthouse to witness the program when new citizens were admitted. This left enough rooms vacant so that the teachers could stay at their own desks for study and preparation.

Although each of the teachers realized at the time how much more work she accomplished, it was not until several days later that a group of them discussed it. Each could state definitely that her work was done with much more dispatch because she had place enough and privacy enough in which to do it. Under the present crowded conditions, as many as four and five teachers study and correct papers in the small offices, while several work in the chemistry laboratory when it is not in use.

Mrs. M. H. Kettenhofen of Kimberly submitted to an operation in St. Elizabeth hospital Monday morning.

JOHNSON TALKS TO AD CLUB AT THURSDAY MEET

Advertising club of Appleton will hold its next meeting at 12:15 Thursday in Conway hotel. W. W. Johnson will speak on "Newspaper Merchandising Service."

Woman Surprises Her Friends

"After a spell of Typhoid Fever 7 years ago I began to suffer from indigestion and gas in my stomach and colic attacks. This gradually became so bad that my doctor advised an operation for gall stones. A friend advised to try May's Wonderful Remedy which I did with splendid results. My friends were astonished at my rapid improvement. I have no more bloating and can eat anything I wish." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists. adv.

FORD SEDANS TO RENT—10c Per Mile

Are You Using this Free Service?

It comes with every sack of cement. It has been made possible through the Portland Cement Association by the eighty-six cement manufacturers who are its members.

They realized that important research and educational work was necessary to give people the best information on how to use cement. They also realized that this could be done better by unified effort than by any individual company alone.

As a result, you may have for the asking the benefit of this Association's long and exhaustive studies on how best to use cement for the most satisfactory results in concrete construction.

Whatever use you plan to make of cement—whether you are building a concrete hog house or concrete dairy barn, a stretch of concrete walk or a concrete road, a silo or a skyscraper, a home, workshop or a factory—you needn't guess. *You can know.*

If you want information about the usefulness of concrete under certain conditions, how to mix or place it to get the greatest value out of every sack of cement—you can get it by writing any one of our 28 offices listed below.

Supplying dependable information without charge by booklet, by letter or by personal conference when necessary, is the work of this Association. Millions of helpful booklets, covering a multitude of uses of concrete, are distributed annually to people who know they needn't guess—who know they can get the facts from us.

One of our new booklets, "Concrete in Home Sanitation," will surprise you with the number of easy ways in which concrete can be used to make the home healthier and happier. Address our nearest district office for your free copy.

QUINN DEFEATS DEVINE IN CLASSY 10-ROUND BOUT

Chicago Man Puts Up Game Battle Seen In Appleton History

Boya Unable To Continue After First Stanza When He Is Blinded By Church's Swing To Right Eye

FIGHT RESULTS
Quinn, St. Paul, defeated Devine, Chicago, in ten rounds.

Young, Church, Green, won from Dick Boya, Appleton, when he failed to respond to the gong in the second round.
Earl Rogers, Appleton, outpointed Nicky Mack, Appleton, in six rounds.
Tom Burns, Appleton, knocked out Pep Martin, Appleton, in the third round.

FIRPO'S SECOND OFFERS ALIBI ON FAILURE TO KICK

LaValle Says Police Prevented Protest Against Dempsey Tactics

Buenos Aires — Defending himself for his failure to protest the alleged violations of the rules governing the contest by Jack Dempsey during Dempsey's recent fight with Luis Firpo at the Polo grounds in New York, Horatio LaValle, Firpo's chief second, in a statement printed by LaValle on Tuesday declares that during the first round he attempted to enter the ring to lodge a protest but that he was forcibly prevented from doing so by two members of the boxing commission, who threatened him with the police if he made any protest during the match.

"After the struggle with them, I was obliged to step down," the statement added.

LaValle explained that while in the United States he never publicly expressed the charge that he had been delinquent because of "the laws existing in the United States, which provide severe punishment for a statement which might injure the interest of any enterprise."

Continuing, the statement said, that when Firpo knocked Dempsey out of the ring, the referee did not begin to count immediately and that eighteen seconds elapsed "before Dempsey was on his feet again."

Before the match LaValle says he did make a protest against Dempsey's wrapping three meters of bandages around his feet, which he said he had the right to do under the rules, and that his protest was upheld. He declared that he did not make any protest after the fight against Dempsey's "violation of the rules," LaValle said, "this was due to the fact that Firpo did not begin to count immediately if it were not won from the ring."

Devine carried the fight to Quinn from the start, and showed his determination to square himself for his opponent's attack. His style of fighting was meat for the shift, Gunner, who took several swings to the head and chest without noticeable effect, and drove his right and left to Devine's head and face. While he goes down the first round, Devine showed much effect and neither had the advantage.

Devine shaded his opponent in the second round standing up to the St. Paul fighter in a number of rapid exchanges to head and body. The Scotchman's second time landed him, but Quinn's jaw with either hand, but Gunner still most of the blows of little damage. Quinn apparently was waiting for a chance to slide a telling blow through Devine's guard, and contented himself with breaking the full force of Devine's swings, or taking a man's head, and then one himself. The third frame again went to Devine, while in the fourth, Quinn tried of waiting and drove a series of right arm jabs to Devine's face and jaw, which cut him up considerably. Quinn showed his greater strength and cleverness especially in the fifth round, when he landed a series of punches to Devine's head and body. Devine's right arm jabs to Quinn's face. Despite the punishment he had taken in the fifth, Devine appeared quite fresh in the sixth, and forgetting to guard almost entirely, he was hit with a series of swings, most of which were effective. Quinn coolly watched his chance, sidestepping before some of Devine's wild rushes and sent a right to the Scotchman's face almost at will. Several of his blows landed the Chicago man and never did Devine seem to be hurt again in the seventh round. Devine landed again in the eighth, and Quinn drove him before him with a short jab to the head and jaw. Devine was forced to cover up most of the time, being groggy and fighting chiefly on the defensive. In the next round he came back and sent the Gunner up to a few seconds before the end, when Quinn again drove both hands in rapid succession to the jaw, and sent Devine to the ropes reeling. When the gong sounded, Devine was still on his feet.

DEVINE MAKES FIGHT

Devine carried the fight to Quinn from the start, and showed his determination to square himself for his opponent's attack. His style of fighting was meat for the shift, Gunner, who took several swings to the head and chest without noticeable effect, and drove his right and left to Devine's head and face. While he goes down the first round, Devine showed much effect and neither had the advantage.

In the fifth, they rushed into another slugfest, but with the advantage, entirely with the Gunner, who drove both hands to Devine's face, cutting in badly. Devine was in a groggy by this time and forced to cover up on several occasions. Devine's right arm jabs to Quinn's face. Despite the punishment he had taken in the fifth, Devine appeared quite fresh in the sixth, and forgetting to guard almost entirely, he was hit with a series of swings, most of which were effective. Quinn coolly watched his chance, sidestepping before some of Devine's wild rushes and sent a right to the Scotchman's face almost at will. Several of his blows landed the Chicago man and never did Devine seem to be hurt again in the seventh round. Devine landed again in the eighth, and Quinn drove him before him with a short jab to the head and jaw. Devine was forced to cover up most of the time, being groggy and fighting chiefly on the defensive. In the next round he came back and sent the Gunner up to a few seconds before the end, when Quinn again drove both hands in rapid succession to the jaw, and sent Devine to the ropes reeling. When the gong sounded, Devine was still on his feet.

DEVINE'S FACE CUT

In the fifth, they rushed into another slugfest, but with the advantage, entirely with the Gunner, who drove both hands to Devine's face, cutting in badly. Devine was in a groggy by this time and forced to cover up on several occasions. Devine's right arm jabs to Quinn's face. Despite the punishment he had taken in the fifth, Devine appeared quite fresh in the sixth, and forgetting to guard almost entirely, he was hit with a series of swings, most of which were effective. When the gong sounded, Devine was still on his feet.

PACKER-KELLY GAME DECIDES TITLE OF PROS

Duluth Champions Invade Green Bay Sunday For Important Contest

Green Bay—A game which will decide the pro-football championship of the Northwest will be staged in Green Bay at Bellevue park on Sunday when the Packers give battle to the Duluth-Kellys.

Sunday's game will be called at 2 o'clock. It will be the "No. 7" home game on the Packers' schedule. Holders of box seats must make use of their coupons marked "No. 7" as they will not be good for the Thanksgiving Day contest here, if one is scheduled, here.

Supreme in Northwest

Duluth comes here with the undisputed championship of Minnesota and Upper Michigan. The "Kellys" dumped the Minneapolis Marines twice, scored two wins over the famous Ironwood club and took Hibbing into camp. Duluth also had victories to its credit over the Akron Indians and Hammond Professionals.

The Packers tucked away the Badger state championship in Milwaukee on Sunday. The corrected standing in the Wisconsin Pro race is as follows:

Green Bay	Duluth	W.	L.	T.	Pct.
3	1	0	.750		
1	1	1	.500		
0	2	1	.000		

There is only one more game scheduled in the State race, Milwaukee playing at Racine on Thanksgiving Day and the team that wins won't climb enough in the percentage table to overtake the Packers.

Duluth is coming here with a cocking good football machine and reports from the Minnesota city have it that the Packers are determined to take a fall out of the Packers.

There is only one more game scheduled in the State race, Milwaukee playing at Racine on Thanksgiving Day and the team that wins won't climb enough in the percentage table to overtake the Packers.

LEGION GRIDDERS SIGN UP LAPHAMS

Milwaukee Professional Team Plays At Kaukauna Sunday Afternoon

Kaukauna—Three years of negotiation or the part of the Kaukauna American legion football team finally ended in success when Manager Edward Rennie received a signed contract from the manager of the Laphams professional team for a football game on the local gridiron Sunday afternoon. One of the reasons that no agreement could be reached between the two teams was that the Milwaukee outfit demanded more money than the Electric City team could afford to pay. This year, however, in an effort to boost the local team available, the management has built up a reserve fund which will be used for the remaining few games to be played this season in case attendance is not enough to cover the expense. As it now stands the Milwaukee team will receive by far more money than has ever been taken in at the gate at a single game in this city.

The Laphams are classed as the strongest professional team in Milwaukee. The aggregation has played such teams this year as the Chicago Packers, Waupun Elks and the Yellow Cabs of Chicago. The game is scheduled to begin at 2:30.

MY OWN IS RETIRED AFTER POOR SHOW

Bowie, Md.—Prospects of a match race between Rear Admiral Carl T. Grayson's three year old, My Own, and Zev, Harry P. Sinclair's star performer, were sent glimmering Tuesday when My Own furnished turf patrons with one of the biggest shocks of the season by smothering across the finish line in the mile and a half long Prince George handicap sixth in a field of nine.

Admiral Grayson announced that he would retire his colt for the season. My Own, he declared, will not be used in action again until next spring at Panama.

ROGERS COMES BACK

Earl Rogers' return match with Nicky Mack who knocked him out a month ago in six rounds of slugging in which Rogers made the fight in every round. With exception of the first and third rounds which were won by Mack, all the other rounds the fight was all Rogers. Mack appeared to want to wait the golden opportunity to send a sleeping punch home, but he waited too long, and before he could fulfill his intention Rogers had won the fight on points.

The two Appleton boys took their battle in earnest and in the excitement of the fight they had behind their backs. Rogers' right arm jabs to Mack's face were more effective than in previous fights, and the efforts of his training were apparent from the first. He carried the fight to Mack in every round and knocked him down in the second and third rounds. Mack appeared to want to wait the golden opportunity to send a sleeping punch home, but he waited too long, and before he could fulfill his intention Rogers had won the fight on points.

OLYMPIC BOWLERS DEFEAT PULASKI IN PIN MATCH

Bill Groth's Olympic all-star team Monday defeated the Palace Bowling team of Pulaski three straight games at a match at Pulaski, with the following scores:

NOTICE

Change in Musical Program at Armory Exposition — Friday's Musical Program set back to Thursday and Thursday's Program changed to Friday.

Georgia Tech's Star

FULLBACK WYCOFF

An outstanding fullback in the south this year is Wycoff of the Georgia Tech squad, a first year player and a brilliant star. Wycoff starred for the southerners against Notre Dame, making his team's only score. Notre Dame players and coaches say Wycoff is the best back who has rammed the Irish line all season.

The Nut Cracker

PEAKING of the Big Three, Yale seems to be all three this year.

Prize fighters use brine to harden their fists. How politicians' heads get that way is unknown.

Apparently the Yale bulldog has quit running around with pompadour and is back on a diet of red meat.

Bob Devine said after the big fight Tuesday night that Quinn hadn't hurt him. Wonder what he'd look like if he'd been injured???

Zev beat in Memorial by a nose. Showing what can be done with a nose that has been raised properly and given the advantage of a broad-minded, liberal, democratic training.

Wonders never come singly... Yale goes in for modern football and Bryan refuses to be interviewed.

Thanksgiving is to remind you of the many things you could be thankful for if you had them.

Paris refuses to recognize Mike McGuffee. It may be hard for anybody to recognize him if he ever meets Gibbons.

Chorus girls demand more clothes... We're yet to meet one that wasn't hungry or something.

Who are the greatest ends in the country? ... Well, Lew Dockstader and Neil O'Brien used to be.

Ice horse-racing may be a novelty to some folks, but not to bettors who are used to freeways.

Carpenter thinks he made a mistake in carrying the fight to Dempsey... It probably would have been the same.

MALLORY, PFAFFMAN WILL STAR IN EAST

New York—Harvard and Yale both will enter their traditional struggle next Saturday on the Crimson's gridiron at the University of the South. Entrants are fast coming in, and it is expected that more than 25 competitors will be on each list.

Marinette High has booked a gridiron game for Thanksgiving Day. The Northwestern will play against Rockford High, claimants of the Illinois championship. Rockford is Coach Johnson's old home town and the Marinette gridiron mentor will drive his squad at top speed to put over a victory.

Oshkosh pulled the curtain down on a gloomy pigskin year by taking a 27 to 0 beating at the hands of Sheboygan High. The Sauwast City schoolers finished at the bottom of the heap in the Valley conference pigskin race failing to win a single encounter on the chalk marked field.

Vausau is dicker for several "unofficial" state title games. Vausau boasts of a remarkable record this fall having marked up 234 points in seven games. The feature of the Vausau record is the fact that they haven't had their goal crossed in any one of their engagements.

La Crosse continued on victory row by swamping its old rivals, Edgerton, by the score of 55 to 3. The losers scored a touchdown after La Crosse had lost half the distance to the goal line when one of the players was chased from the game for forgetting his football manners.

Beloit and Janesville battled to a draw in their annual engagement. There was a lot of feeling shown in this fray. Janesville spread rumors about a Beloit "spy" prancing around the school building and this didn't tend to improve the mix up on the scene of play.

Hockey magnates held a get-together at Oshkosh, Saturday night and tried things over, regarding the organization of a puck chasing loop in this part of the state. It is said that four cities are already sitting pretty and that two other towns may be ready to take franchises.

BLUE KNOCKS OUT NUSS IN WATERLOO CONTEST

Waterloo, Iowa—Jimmy Nuss of DePere, Wis., was knocked out in the seventh round of his scheduled ten round bout by Earl Blue of Minneapolis here Monday night. Nuss slipped two knockdowns until Blue clipped him on the chin and put him down for the complete count. Lou Rollins of this city defeated Everett Strong of Mason City in the eighth round semi-windup.

-Knute Rockne- The Gridiron Magician

Football Brains Most Necessary Asset Beef and Brawn Are Not Essential Notre Dame Coach Likes the Fighter

"Muscular coordination and football brains are the two greatest assets of any player who desires to star in football, particularly at Notre Dame," says Knute Rockne.

"Beef and brawn are not at all essential," asserts Rockne, "although they do have their place in certain systems. The featherweight has as much chance as the heavyweight in my scheme of football."

One has only to follow Rockne's Notre Dame eleven through several days of practice, and then see them in action in real competition to appreciate his size-up of the modern game.

"Give me a team composed of players who can think, thereby making use of their speed and natural physique, and I have no fear of conceding poundage. In the Army game, man for man, Notre Dame was outweighed from 15 to 29 pounds. Notre Dame beat the Army because my players were able to out-think, out-maneuver and out-speed their opponents."

"Next in importance is a real liking for the game. The player who loves the game is invariably a fighter, one who never quits."

Rockne likes the fighter. He insists that each player give his very best until the final whistle blows, regardless of the score.

Muscular coordination and football brains are the cardinal principles of Rockne's system. He dwells on them from the time the season opens until it closes. Notre Dame's system of attack under Rockne is somewhat standardized, varying but little from year to year. Individual brilliancy is not sought. Individual stars are subordinated to the team.

Rockne is the master mechanic of football who welds the parts into the gridiron machine. He adjusts and regulates as flaws begin to show in the inexperienced player. From time to time he adds a bit of polish here and there until he has his eleven in trim to start the season, a finished product.

Muscular coordination and football brains, there you have the fundamentals of Rockne's scheme of football.

AMERICAN NEGRO EASILY DEFEATS 'BATTLING' SIKI

French Cloud Tires Rapidly After Boasting Of Power To Absorb Wine

By Associated Press

New York—Battling Siki, conqueror of Georges Carpentier and former world's light heavyweight champion came up to expectations as a spectacular performer but not as formidable lightning machine in his 15-round match Tuesday night at Madison Square Garden with Kid Norfolk, Harlem Negro. Norfolk whipped the singular Senegalese decisively and received the judge's verdict after a bout that was one-sided but full of thrills for a crowd of more than 12,000.

After a flashy start, Siki tired rapidly and was battered into a bloody, almost helpless figure by Norfolk's slashing and powerful attack. Norfolk proved far more rugged than the Senegalese, whose boast in France was that he could train on wine and night life in the montmartre quarter. The American was sent back at times by the savage stress of Siki's rushes but he never appeared badly hurt and kept up a steady fire of left jabs and hooks that wore down the batter defense.

A majority of critics agreed that Siki made a far from impressive showing, lacking largely in defensive skill and generalship and possessing no marked punching prowess.

Two local cue artists open the pocket billiard season here Wednesday evening, when Henry Liechten and Don McCoy put on an exhibition game of 100 points at the Carr and Hanson billiard parlors. The festivities start at 8:30 P. M. and no admission will be charged.

This is the first of a series of exhibition games and tournaments scheduled for the Carr and Hanson establishment this winter. Next week two tournaments are scheduled, one three cushion, and another pocket billiard. Entries are fast coming in, and it is expected that more than 25 competitors will be on each list.

OFFICIALS OBJECT TO N. D. HOLIDAY BATTLE

Notre Dame, Ind.—Director of Athletics Reckie of Notre Dame stated that he knew nothing of a proposed trip to Notre Dame of Coach Henderson of the University of Southern California. It has been reported that Henderson was coming to Notre Dame after the holidays to attempt to arrange an annual contest with Notre Dame.

Rockne also state that a coast game for Notre Dame during the holidays this year had been definitely abandoned.

If the University of Southern California requests an annual contest with Notre Dame, the matter will be subject to the decision of the athletic board which must approve all games. A contest tentatively scheduled for Jan. 8 of this season was declined by the board which also frowned on any post season contest during the holidays of this year.

MANUFACTURERS —AND— JOBBER'S EXPOSITION

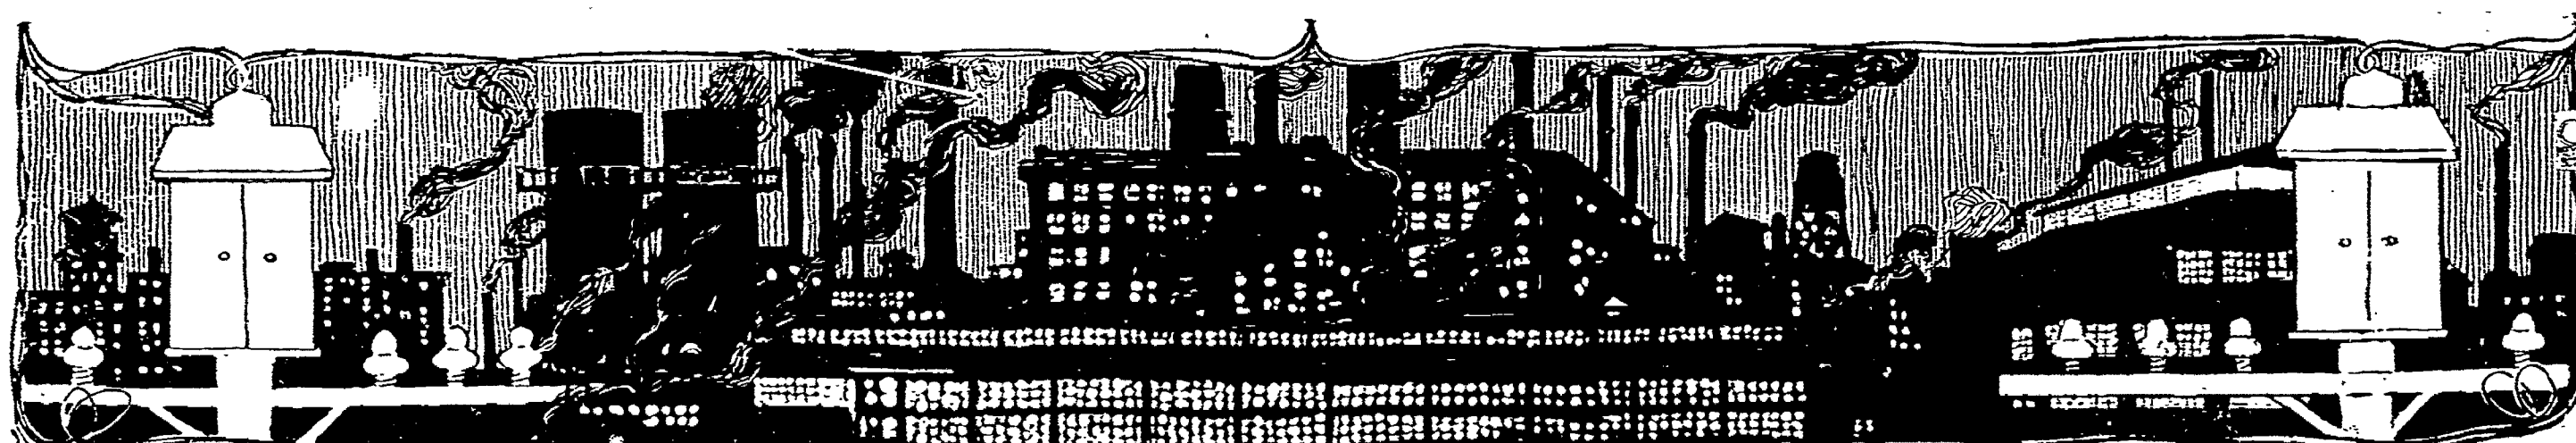

Armory G
Three Days
THURSDAY, FRIDAY,
SATURDAY
November 22, 23, and 24

The Fox River Valley, famous over this broad land for its fertile soil, its splendid farms, its great waterpower, has a just claim for fame because of the diversity of its industry. The prosperity of this splendid valley is not built upon one industry alone; it is not dependent upon the market for one product; but it serves millions of people in hundreds of ways.

A comprehensive exhibit of products manufactured and sold in this valley opens in Armory G Thursday, Nov. 22. Nearly 60 manufacturers and jobbers are displaying their products so that the people who live here may know what is manufactured and sold in their midst.

This exposition will have many surprises for those who attend—even for those whose long residence and whose business has made them familiar with their community. In the armory they will find products that perhaps they never believed were made or sold so close to home. The exposition is more than merely a display of products—it is an education of what the home community has and is doing.

The succeeding pages contain announcements from the manufacturers and jobbers whose products will be seen at the exposition. The exhibitors and the United Commercial Travelers, under whose auspices the exposition is conducted, invite the public to see the exhibits and attend the programs.

COMPLETE WORK IN TEN DAYS. FIEDLER ASKS COUNTY BOARD

Supervisors Open Fall Session With Brief Meeting Tuesday Afternoon

Only routine business was transacted at the opening meeting of the county board of supervisors Tuesday afternoon. After the reading of several communications by John E. Hantson, county clerk, Chairman George F. Fiedler, upon motion, adjourned the meeting until Wednesday morning.

The ordinance committee, the finance committee and the county engineer and bridge committee were able to adjourn by Dec. 1 and thus give the county clerk's office Saturday evening and Sunday in which to work on the tax roll and apportion taxes to town, village and city clerks. The board will have a great quantity of business to transact in the next ten days, he said.

HARRY ADSENT
J. G. Hildebrandt, of New London represented that city in place of Supervisor Harley Heath who was ill. Supervisor F. J. Harwood of the First ward, Appleton, who is in New York on business was excused from a part of the sessions.

The county board was notified by the state highway commission that the county's apportionment of state aid for highways this year will be \$15,581.

George Schmidt, secretary of the Outagamie-County branch of the American Society of Equity, had submitted a resolution passed by that body at its meeting in Nichols recently urging the county board to cooperate with R. A. Amundsen, county agent, in successfully completing the county canvass of petitions for a county-wide eradication of bovine tuberculosis.

Auditors Disapprove Of Changes In Accounting System In County Offices

County Will Gain Nothing And Officials' Work Will Be Increased, Expert Accountants Declare

A proposed change in the method of disbursing and accounting for county funds, which the county finance committee is to consider, is disapproved by Reilly, Penner & Benton, county auditors.

The system of accounts now in use in the courthouse is practically the same as that installed by the state tax commission, the auditors declare, but in addition to keeping the accounts required by law, it keeps appropriations and fund balances readily available.

"Office records in both the county clerk's and county treasurer's office are in better condition than we have ever seen them before," the auditors informed the committee. "We therefore recommend that as few changes as possible be made."

One of the changes proposed was that the present custom be discontinued of using county orders as bank checks, by having the county treasurer sign them as an order upon the bank, after they are prepared by the clerk. It is proposed instead to file the county orders in the office of the treasurer and issue a check which will duplicate everything appearing on the

original order, but will originate in the treasurer's office.

WON'T HELP COUNTY
The auditors believe that this change will not benefit the county, but will only increase the clerical labor in the treasurer's office and unnecessary complications. They believe that the present method complies with every law, including the 1923 changes. It is in uniformity with the methods in use in most counties, including Milwaukee.

It is also proposed to require the county clerk's signature on asylum orders to comply with a 1923 law and to make county orders of asylum orders.

To this the auditors answer that the change is unnecessary in Outagamie from a standpoint of safety or accurate accounting. But if the county has legal advice that the change is necessary to comply with the new law, the auditors recommend that the present method be retained without change except the addition of the clerk's signature.

It is further proposed that the training school orders and court orders be required to have the signature of the clerk and treasurer. The auditor's preceding remark applies to the first signature. The signature of the treasurer, however, should be required on the training school and court orders. These are now drawn against the treasurer and paid at the bank with-

HURRY TO C. OF C. WITH PRIZE ESSAYS

A number of essays on "How Paper Is Manufactured" were submitted to the chamber of commerce by the high school students on Tuesday, the closing day of the contest for a prize of \$10 for the best article on this subject. The papers have been placed in the hands of the judges, W. E. Smith, E. A. Paulson and Dr. W. S. Naylor. The winner will be announced at the Jobbers and Manufacturers' exposition at the armory Saturday.

A larger number of manuscripts

out the signature of Miss Marie Ziegenhagen the treasurer. To effect this change would require no change in form or system but would require that all these orders pass through the treasurer's hands before issue. It is the only change the auditors recommend at this time.

was submitted by grade school pupils. These winners also will be announced Saturday. The judges are Dr. D. O. Kinsman, G. H. Packard and Seymour Gimeiner.

A GLEAMY MASS OF BEAUTIFUL HAIR

35c "Danderine" so Improves Lifeless, Neglected Hair

Girls! An abundance of luxuriant hair full of gloss, gleams and life shortly follows a genuine toning up of neglected scalps with dependable "Danderine."

Thin, dry, wispy or fading hair is quickly invigorated, taking on new strength, color and youthful beauty. "Danderine" is delightful on the hair; a refreshing, stimulating tonic—not sticky or greasy! Any drug store adv.

Look For The Badger Furnace

The New Badger Supreme Furnace
With All The Newest Improvements

Comparing the furnace of eight or ten years ago with the Badger Supreme Furnace is like comparing the "One Hoss Shay" with the modern eight cylinder automobile.

There are furnaces of the old type that are still being put on the market today with a 24 inch fire pot enclosed in a 42 inch diameter casing. The Badger Supreme has a 52 inch diameter casing with the same size fire pot. It can be readily seen that you are using more air and less fuel with the larger casing, giving you a warm air furnace instead of a furnace with dry burnt air or a hot air furnace.

The larger type distributes the air more evenly throughout the building and never gets air bound.

The old type furnace has the evaporating pan down in the side of the casing where it chokes off the air and is so small, rarely holding more than a gallon of water, that it gives the air very little moisture.

The Badger Supreme water pan will hold five gallons of water, and is placed between the ash pit and feed door, exposing it to intense heat and distributing a large volume of moisture evenly through the heating ducts.

This unusual amount of moisture will give you as much comfort at 65° as the old type will give you at 70°, you can readily see a great fuel saving in zero weather. This moisture will eliminate a great deal of shrinkage in wood-work and furniture; it also protects your health.

"The Badger Supreme Makes Winter Seem Like Spring"

— JUST A FEW OF ITS IMPROVEMENTS —

- The easy Shaker Lever.
- Large Ash Pit, which holds water to dampen ashes.
- Large Combustion Chamber that consumes fuel without waste.
- Capped Cement Joints throughout, never leaks dust or gas.
- Double Hot Blast Connection for burning cheaper grades of fuel.

CITY IN PROPER SPIRIT FOR RED CROSS CAMPAIGN

Reports From Workers Indicate Roll Call Will Be Successful

Satisfactory reports from women who have been working the Red Cross roll call indicate that Appleton will make an excellent showing in the annual campaign for Red Cross membership next Saturday. The roll call was postponed from last Saturday because all the campaign material had not arrived.

Fifty per cent of the money collected on the roll call will be retained in Appleton for home service work, and the other 50 per cent will go to Red Cross headquarters to maintain the organization and to carry on its work of relieving distress in all parts of the world.

A reorganization of Red Cross here recently was effected and the organization now is on a permanent basis. It is believed that sufficient interest will be shown in the roll call to enable home service work to be undertaken on a worthwhile scale.

LANGLADE-CO WANTS AREA TEST TO WIPE OUT T. B.

Langlade-co is the latest Wisconsin county to petition for the area bovine tuberculosis test, according to a report received in the office of Robert A. Amundsen, county agricultural agent. Seventeen counties now have petitions on file in the offices of the state department of agriculture. These include Taylor-co where the initial test of area work was started last week. There are other counties including Outagamie-co which are rapidly completing their canvass for the required number of petitioners. It is stated that \$34,000 head of cattle were tested for tuberculosis in Wisconsin during July 1, 1922, and July 1, 1923.

FORESTER HOME CLUB PREPARES FOR TRANSFER

A meeting at which details of the transfer of the Forester Home to the Catholic Home association were arranged was held by the Forester Home association on Monday evening. Another meeting will be necessary before the transfer from the Forester organization to the newly formed association of the several Catholic lodges is completed.

Dance, Thursday, Nov. 22, Eagles Hall. Music by Badger Harmony Five.

FARMING

Notes from Outagamie-co

By W. F. WINSEY

Greenville—Mrs. T. Jochman says that her experience in raising sugar beets and carrying peas the past two years, from the standpoint of profits was not very satisfactory.

With her own farm help, the first of these two years, Mrs. Jochman put through the beets with the result that the beets were left to rot in the rows a long while out of the question, and this year the dry weather made the crop a partial failure.

If Mrs. Jochman made a partial failure with peas and beets, she made a great success with her herd of dairy cows during the past two years. By belonging to a cow testing association last year, Mrs. Jochman says she was able to cull out the cows that were not paying and to fill their places with better animals. Each month this year, Mrs. Jochman's milk check was uniformly satisfactory and one month it amounted to \$510.

Last year, Polly, one of Mrs. Jochman's Holstein grade cows was giving in the neighborhood of 100 pounds of milk daily during the flush season, with a test of 4.1 and 101 pounds of butter for July and 85 pounds for August.

Greenville—R. Puls says he sold 15 tons of early cabbage this fall and stored 40 tons of a late variety, raised 5 acres of canning peas and 15 acres of corn. His cabbage, peas and corn were not as thrifty as expected, on account of the long continued drought that prevailed during the growing season.

Hortonville, Route 3—Elmer F. Root and wife began housekeeping in a modern farm house, last Wednesday, recently completed on his farm.

Hortonville, Route 1—Marian, the daughter of Douglas Hodgins, who was at home caring for her mother during her recent illness, enrolled in the New London training school for teachers last Monday.

Madison—Honey has always been a food of royalty. Even in the days of Mother Goose, "the queen was in the parlor eating bread and honey." The Wisconsin Beekeeper's Association, however, has decided not to reserve this delicious sweet exclusively for queens and, therefore, November 19 to 25 is to be "Honey Week," a time in which to acquaint every Badger home with Wisconsin's honey.

Harold Fountain and Walter Fitzmaurice of Milwaukee attended the funeral of Clifford Halls Tuesday morning.

CHILDREN'S KEEPER SEEKS LOST PURSE WITH HER LAST \$25

A purse containing the last \$25 which Mrs. Isabelle Kenyon owned was lost by her on Monday morning. Mrs. Kenyon, who is known to many Appleton people through the work that she has done in her home for children was on her way down town to pay bills with the money which she lost. This loss means a great deal to Mrs. Kenyon since it will necessitate depriving some of the children whom she has in her home of really necessary things.

REAL ESTATE TRANSFERS

South Wisconsin Conference of the Seventh Day Adventists to D. A. Chapman, land in Canada. Arthur H. Krueser, to Philip H. Greiner, lot in First ward, Appleton.

WANT RELIEF BOARD FOR NEEDY VETERANS

Establishment of a service relief board for the benefit of veterans of the World war and supported by the county will be considered by Outagamie County Council of the Appleton region at the monthly meeting Wednesday evening at New London hotel. Dinner will be served at 5 o'clock at all the needy families in Appleton with generous Thanksgiving baskets.

It is possible that a resolution will be prepared asking the county board to provide this relief body, should the council deem it necessary and practical.

The council also will make final plans for the countywide membership drive this month and will consider a survey and preparation of plat draw.

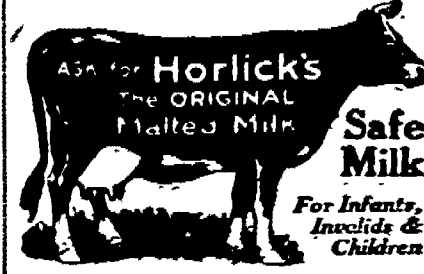

POSTERS TELL WORLD OF ANNUAL SENIOR AUCTION

Appleton high school is literally a riot of posters announcing with every possible slogan that the senior auction will take place the day before Thanksgiving. Each of these posters is keyed to a big clown poster which will make its appearance at the school within a few days.

It is through the senior auction that the high school students are able to raise enough money to supply all the needy families in Appleton with generous Thanksgiving baskets. Much of the material sold is donated by Appleton people, the students and the teachers. It is one of the biggest events of the school year.

ings of all cemeteries in the county, so the location of each soldier grave will be known.

Mr. and Mrs. Clarence Willi and daughter Lucille were the guests of Mr. and Mrs. Dan Hob, 328 Harriman-st., Saturday and Sunday.

As a man eateth so is he

THINKING moulds the mind and exercise develops the body, but food supplies the materials for building mind and body.

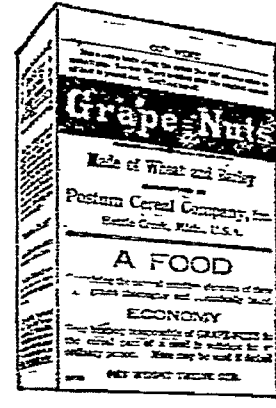

Grape-Nuts, made from wheat and malted barley, is a crisp, delicious cereal food, rich in wholesome nutriment.

The important mineral elements of the grains are readily available in this splendid food. The essential Vitamin-B is supplied in generous measure. The nutritious starches of the wheat and barley are partially pre-digested by 20 hours' baking.

Grape-Nuts with milk or cream is a complete food. Its compact form makes a little go a long way.

WESTINGHOUSE

Heat where you want it, that's the Cozy Glow way. It's dandy for living rooms, bedrooms and other parts of the home on chilly days. Ask any young mother how convenient the Cozy Glow is, for bathing the baby. Ask little Bob, or Betty, how nice it is to dress in its warmth. Or ask the older folks—they, too, vote for the Westinghouse Cozy Glow.

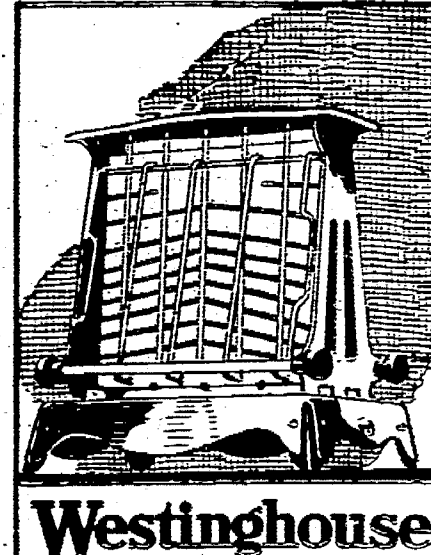

That's plenty enough reason why you should own a Westinghouse Warming Pad. It's just the thing for tooth-ache, tummy-ache, and many other aches that require warm applications for relief. You should always have a Westinghouse Warming Pad handy — you never know when you'll next need it.

Just when you are comfortably settled at the breakfast table someone wants another cup of coffee and you have to get up and go to the kitchen for it. And this never happens just once during the meal but several times. A

Westinghouse

Electric Percolator that makes coffee right at the table, that keeps the coffee warm after it's made, would save you many steps every meal, and it will make the kind of coffee that your family likes the best.

Westinghouse

The best toast in the world is none too good for you and yours. So why not decide right now that Westinghouse Turn-over Toast will be the only kind served from now on? One trial will justify your selection—for there's no mistaking its quick, uniform, pleasing way of toasting. It even turns the toast for you.

Westinghouse

You feel it don't you? As you iron piece after piece, handling the heavy pieces, the towels, shirts, waists, and the frilly things, your pride increases as each succeeding piece seems more and more beautiful. Yes, there is a pride that comes as a result of this—and it's not hard to achieve if the iron you use is right. You simply must see the Westinghouse Iron to fully appreciate how it will help you to iron more beautifully.

Wisconsin Traction, Light, Heat & Power Company

LACK OF INTEREST KEEPS STOVE FIRM FROM COMING HERE

Nobody Offers To Add To Meager Subscription—Two Others Seek Locations

Efforts to locate the plant of the Triumph Stove & Heater Co. of Milwaukee in Appleton apparently have failed as the concern has begun construction of a plant at that place. Overtures to obtain the industry, which about \$100,000 was subscribed for here, have failed. The list was held for a short period for the people to make the industry possible in Appleton. No further action was taken by the citizens' committee of which Secretary M. Culbertson is chairman, and the Triumph Stove Co. therefore will be located in Milwaukee. The plant is one of the places under consideration and it is understood that the company has made plans to build the necessary capital and provide a suitable building.

Two other industries have been mentioned that Appleton was under consideration as a location for the plant. Two letters have been received by the chamber of commerce from Chicago this week. One seeks \$1,000 to \$2,000 square feet of floor space in a building with a spur track, to be used for a paper converting plant. Assistance is asked in raising capital for the concern.

The other is a Chicago company manufacturing an automobile accessary and desiring about 40,000 square feet of floor space. This firm has machinery and other assets amounting to about \$200,000 and employs 100 to 200 people. The company wishes to move out of Chicago. It asks data as to locations and seeks moral support of the chamber in obtaining capital for expansion.

Full details are being supplied these companies by Secretary Hugo G. Corbett.

NEENAH WOMAN SAVES HER CHILD AND HOME

Neenah—Severely burned but happy in the knowledge of the fact that she saved her home from destruction and her infant child from death, Mrs. Albert Pawlowski, Neenah, is slowly recovering from her injuries.

When a rug under a kerosene heat caught fire, Mrs. Pawlowski seized her baby in one arm and the blazing rug and stove in the other, and carried them from the house. She received painful burns about the hands and arms.

Supervisors Gets Two Ordinances Regulating Dance Halls In County

Ordinance Committee And H. M. Culbertson Preparing Regulatory Measures For Consideration Of Board

At least two dance hall ordinances will be submitted to the county board of supervisors for adoption during the present session. One of the ordinances is being drafted by the ordinance committee and Supervisor H. M. Culbertson also has an ordinance under preparation.

A movement was started by Mr. Culbertson in the spring meeting to have a dance hall ordinance enacted, but the board suspended action until after passage of a law by the state legislature that empowers county boards to regulate public dances. A few county boards that met soon after the passage of the law adopted an ordinance regulating dances and restaurants and Winnetago county now has such a measure in operation. County

boards throughout the state are now deliberating similar action.

HAVE SAME FEATURES
All of the ordinances agree in some details as provided by the legislature. The same will be incorporated in both ordinances that are being prepared for the consideration of the Outagamie county board. These provisions are as follows:

Licensing of all dance halls, parlors, road houses and restoration of licenses when the holders are violating the law.

Regulation by supervisors appointed and assigned by the county board. They are to be compensated as the board may determine, and supervisors must report regularly to the county clerk. They are to have authority of deputy sheriffs.

Persons under 14 years must be accompanied at dances by parents or legal guardians.

Excluding of persons under the age of 16 years unless accompanied by parents or legal guardian.

Exclusion of persons possessing, or

offering for sale, giving away or drinking intoxicating liquor or persons under the influence of liquor.

Fines of \$25 to \$1,000 or imprisonment of 30 days to one year as penalty for violation.

Dance hall satisfactorily regulated by city ordinances are not affected by county ordinances.

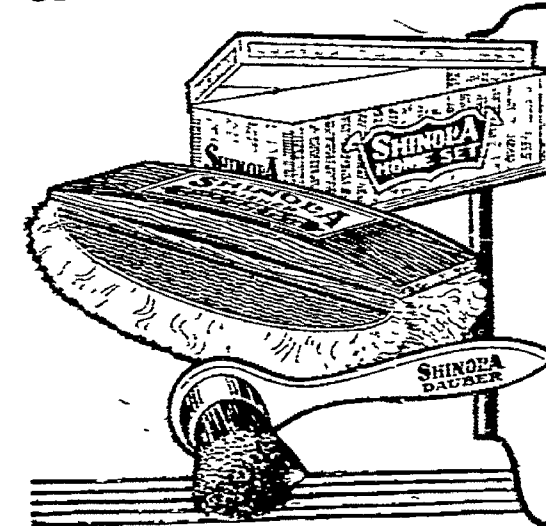

It is left to the discretion of the various county boards to determine the amount of the license fee, the number of supervisors, their compensation, the permitted dancing hours and other definite provisions.

WHAT BROWN COUNTY DOES
An ordinance submitted to the county board of Brown county prohibits dancing with dim or extinguished lights and all compromising postures or compromising contacts of persons. Roller rinks are required to pay a license of \$10 a year and public dances are assessed \$6 for each individual dance. There are 30 supervisors who are to be paid \$5 a day from the proceeds of license. Dancing between 12:30 and 8 in the morning is prohibited.

Similar measures are being considered by the framers of the two ordinances now in preparation. Mr. Culbertson intimated, however, that his ordinance would not be too stringent for the proprietor who conducts respectable dances and that the license fee would not be overly large.

Gib Horst plays 12 Corners Thursday night.

CABBAGE RAISED HERE PRAISED AT GROWERS' MEET

Reelect Officers At Annual Conference In City Hall Here

At the annual meeting of Outagamie County Cabbage Growers association at the city hall Tuesday afternoon, Paul Nyhus, secretary-treasurer was instructed to cast a unanimous ballot for the reelection of the officers. They are:

President, P. T. Bixby; vice president, Percy Bourne; treasurer, Paul Nyhus; directors, William Williams, Matt Palmer, William Bese. The new constitution adopted provides for a secretary and treasurer. Robert Amundsen, county agent, was elected as secretary.

The committee on constitution and bylaws was appointed at the annual meeting a year ago and consisted of F. A. Grant, T. A. Ziegler and Levi Hoh. The constitution provides for the election of officers annually and fixes the membership fee at \$5.00 a year. Amendments to the constitution can be made at the annual meeting by a two-thirds vote of the members present.

DISTRIBUTE SEED
President Bixby announced that the main purpose of the meeting was the distribution of the seed grown in the west. The association contracted for 500 pounds, but all it got was 370. The expenses connected with the growing was \$725 and it was suggested it be sold to members at \$3.50 per pound which would provide \$500 for future use. The fixing of the price and the manner of distribution was left to the board of directors.

The association has a membership of 105 and of this number about 60 were present. Paul Nyhus of Madison, formerly of Appleton, who has acted as secretary-treasurer since its organization, was present and took an active part in the proceedings.

Robert Amundsen, county agent, was introduced to members by Mr. Nyhus, who said Mr. Amundsen is one of the most efficient county agents of Wisconsin. Mr. Amundsen responded briefly and said he would assist the association all he could in its work.

PRAISE COUNTY CABBAGE
Frank Stanton of Chicago, who buys a considerable portion of the cabbage raised in Outagamie-co gave a brief talk on market conditions, which he said changed each year. He claimed local buyers were paid \$10 a ton, while at Racine he was paying from \$8 to \$9 a ton.

He praised the quality of Outagamie-co cabbage and advised growers to sell their crop to local buyers who are more reliable than cooperating organizations that are operating in some of the western states. He read several telegrams showing losses sustained by his company in the shipment of cabbage.

Other speakers were Mr. Hamilton of the Hamilton Canning company of New London, one of the largest sauerkraut manufacturers of the world, who praised the quality of Outagamie-co cabbage, and B. B. Jones of the department of markets of Madison.

College Grants Classes Right To Hold Dances

Another step toward all-college dances at Lawrence college was announced Monday by a faculty committee when permission was given to the four classes of the school to have their own parties at which dancing will be allowed. No arrangement has been made at this time for dances to which all the college students will be welcomed, but it is hoped for in the near future. College students have been agitating for the all-college affairs for several years.

The bulletin from the faculty to the students states that only the regular college organizations will be allowed to give dances. This is understood to mean according to the faculty information, the senior, junior, sophomore and freshman classes in addition to the Greek letter organizations which have had the privilege of giving dances for some time.

Lawrence students have had a long struggle to be allowed to give dances. Several years ago when permission was first given to the Greeks to have their formal and informal dancing parties it was necessary that patrons and patronesses of the organizations give the parties for the growers. This was alluded about four years ago when permission was given the fraternities and sororities to give their own dances.

With the classes granted permission to have parties, the all-college dance does not seem to be far in the distance, the students think.

Mrs. C. F. Selig, Miss Rosetta Selig, C. L. Mayhew and Edward Alsen, visited Milwaukee Saturday and Sunday.

to sell their crop to local buyers who are more reliable than cooperating organizations that are operating in some of the western states. He read several telegrams showing losses sustained by his company in the shipment of cabbage.

Other speakers were Mr. Hamilton of the Hamilton Canning company of New London, one of the largest sauerkraut manufacturers of the world, who praised the quality of Outagamie-co cabbage, and B. B. Jones of the department of markets of Madison.

EMULSION**

KIMBERLY TO HAVE LUTHERAN SERVICE

The Rev. Philip Froehke Will
Start Weekly Preaching
Next Sunday

Lutheran church services are to be held in the village of Kimberly beginning Sunday, with the Rev. Philip Froehke, pastor of St. Matthew Lutheran church of Appleton, preaching the sermons. The first service will be held at 7:30 at Kimberly-Clark dining hall, and all people of the village are invited to attend.

Kimberly has had no Lutheran church but a canvass made by the Rev. Mr. Froehke indicated that 44 families of that faith are living there. He therefore made arrangements for the services, which will be conducted informally each Sunday afternoon until a decision is reached concerning organization of a congregation. The Appleton pastor also will organize a Sunday school for the Lutheran children of the village. It will convene immediately after church services, and possibly may be conducted for the first time next Sunday.

WAR PROFITEERS SHOULD PAY BONUS, BERGER SAYS

By Associated Press
Chicago—War profiteers should pay the soldier bonus, Congressman Victor L. Berger of Milwaukee declared in a written statement issued during a visit here Monday. He said he was against a sales tax for the bonus because it would mean the soldiers would have to pay their own bonus by an indirect tax.

Conquering Time

THE WORTH of a man is measured by his usefulness.

When many men are grouped to perform a common task for the common good they become an institution.

The same measuring rod applies to the institution as to the individual.

The Standard Oil Company (Indiana) is an institution—a big institution.

It is big in size because it renders a big service.

Perhaps there is no phase of Standard Oil Company (Indiana) service which is more significant or more far-reaching in its benefits to man than the means it furnishes for the conservation of time.

It enables men to do the work of the world easier and in fewer hours.

It speeds up every phase of industry.

The manufacturer can produce more merchandise because Standard Oil products enable him to run his machinery at higher speed.

The farmer can cultivate more land and raise greater crops because Standard Oil products enable him to use power-driven farm machinery.

The doctor can see more patients because Standard Oil products have enabled him to substitute the automobile for the horse.

The salesman can display his wares to twice as many buyers by utilizing Standard Oil products and the automobile.

Standard Oil Company (Indiana) service lengthens man's three score and ten by increasing his capacity for accomplishment.

The Standard Oil Company (Indiana) is proud of the part it has taken in furnishing the means for men to annihilate time and distance through controlled and directed effort.

It is proud of the fact that it has been able to benefit so many industries by taking so many products, varied and useful, from the single base—crude petroleum.

The Standard Oil Company (Indiana) is proud of the leadership it has earned in the petroleum industry.

It is proud of its organization of 27,000 men and women through whose loyal, earnest efforts it is able to render such a superior service as to have earned the respect and confidence of the thirty million people of the Middle West.

Golf Bug Has To Watch Step In First Games

Going At Game As If He Was Chasing Street Car For First Time In Ten Years Might Not Agree With His System

Victims of the golf bug will be numerous next spring when Appleton's Golf club's new course is ready for use, but the most essential thing for the beginner is to avoid the deadly "golfs".

Those whom the bug attacks in youth escape discomfort and danger as is true of measles. Complications and fatalities when "golfs" are probable if the contagion misses one until his middle years, however.

A prominent physician who has a lot of sympathy for those who will learn to play their clubs and pace the green for the first time has given an analysis of "golfs" and a few suggestions for getting into the game without having the fun come to an abrupt end.

time, there is hope," the physician declares.

TRY DAILY WALKS

"If they go into golf moderately, their high blood pressure will improve. They will be able to play harder and harder. Of if their condition at first will not permit golf, they can start walking."

"The trouble with men as they select their horses is that they want to get within a block of the car line. That saves steps."

"Instead of that, they should locate four or five blocks from the line, save money on rent, take that necessary walk daily and get the exercise they need."

LETTER FROM GERMANY COVERED WITH STAMPS

John Knuppel, who arrived here from Germany last spring, received a letter from relatives Tuesday on the envelope of which were 21 one hundred million mark stamps and 15 one hundred thousand mark stamps. Both sides of the envelope were covered.

Carl F. Tennie left Tuesday for Chicago, where he will remain for a day or two on business.

How to Relieve Neuritis

If you want genuine, lasting relief from those keen, darting pains of neuritis, you must first restore the diseased nerves to sound, healthy condition.

Neuritis is nerve inflammation brought on by colds, injuries, bruises or infectious diseases. It usually centers its attack about the shoulder or nape of neck, in the forearm, thigh or leg, and continues in the small of the back.

For real relief, procure a bottle of Epsa Neuritis Tablets from your drug-gist and take two tablets before each meal. The result will amaze you. Never in your life have you used anything like these marvelous tablets.

Epsa Neuritis Tablets contain no habit-forming drugs—no narcotics. Perfectly harmless to everyone. Price: 50c per bottle.

Sold in Appleton, by Voigt's Drug Store, Boercke and Runyon Co., manufacturers, San Francisco. adv.

ON THE SCREEN

EUGENE WALTER'S DRAMATIC COMEDY ON SILVER SCREEN

Eugene Walter can always be depended on to live up to his reputation as one of our ablest dramatists and his works lose nothing in their translation to the screen. This is seen in "What Fools Men Are," his latest picture now at the New Elgin theatre.

He tells a typical story of a flapper who played fast and loose with convention and whose adventures, we suspect, are repeated in many communities today. She goes just so far and then whoa! she is seemingly lost.

She proves what the flappers always say of themselves; that at heart they are wholesome, good and observe the rules of fair play.

Peggy Keweenaw (played by Fawn Bitter) is a society flapper who allows her brother-in-law to pay for her clothes while his wife remains ignorant of what is happening in her own home. She discovers the truth however, and names her sister in her divorce proceedings.

It is understood that the brother-in-law will marry Peggy when he is free, but Peggy marries elsewhere—the son of a wealthy conservative.

who detests flappers and looks upon the roles on the stage, with Vera Gor-Peggy as the worst of them all. He offers her money to leave his son, which Peggy promptly accepts—and promptly gives to her husband to put him on his feet. More than this, she reconciles her divorced sister to the husband who had always loved her, and eventually wins her husband's father.

'POTASH AND PERLMUTTER' GEM OF HUMOR AND PATHOS

Once in a while the reviewer sees a picture that makes him want to throw his hat into the air and shout, exuberantly: "Hurrah!" On some occasions he has found it difficult to resist the impulse to act thusly, and one of those occasions came last night at the Elgin Theatre, where "Potash and Perlmutter," a First National picture, is showing.

"Potash and Perlmutter" is a sparkling gem of humor and pathos, a photoplay that, in our judgment, will rank with the greatest pictures within memory. It is a picture that makes you ask yourself: "What would we do without the movies?" And the only answer is a shudder.

Leading the cast are Barney Ber-nard and Alexander Carr, who created

Talks to Pupils

CHICAGO CHEESE MARKET

Chicago—The general demand for cheese in the market here continued very light Tuesday. A trifle more business was reported than during the past few days.

Buyers lacked confidence and were taking only enough cheese to take care of immediate requirements. Many

dealers were unable to adjust themselves to the new country prices and consequently prices were somewhat irregular.

The demand for held cheese was decidedly limited and prices were showing considerable range.

CHICAGO PRODUCE MARKET

Chicago—Butter: lower receipts 5.50; tubs; creamery extras 52; standard 45 1/2; extra firsts 49 @ 51; firsts 44 @ 46 1/2; seconds 42 @ 44 1/2; Cheese unchanged.

Eggs unchanged; receipts 1.75; cases.

Poultry alive lower; fowls 13 @ 18; springs 17 1/2; roosters 13; geese 17; turkeys 28.

MILWAUKEE PRODUCE MARKET

Milwaukee—Butter steady; extras 52; standards 48. Eggs steady; fresh candled 51 to 52. Poultry weak; fowls 18, balance unchanged. Potatoes and vegetables unchanged.

Strictly fresh eggs, per dozen.

REMEMBER HIM!

Watch Senator Charles Curtis of Kansas closely during the next presidential campaign. Senator Curtis is the Republican whip in the upper house. He is the man who keeps in the background, but is a mighty power in the Senate. Reporters are interviewing him after a recent chat he had with President Coolidge.
